# Israel Says Egypt Must Pull Missiles

By THE ASSOCIATED PRESS

Israel said Thursday night that Washington's call for the Egyptians and Russians to stop violating the Middle East cease-fire is not enough. Premier Golda Meir insisted that the Egyptians pull back the anti-aircraft missiles installed in the Suez Canal zone since Aug. 7.

Israeli Defense Minister Moshe Dayan said he approved of a cabinet plan to give the United States time to get the missiles removed through diplomatic means. But he warned that Israel is capable of "taking military steps, if needed."

"We want the violations stopped," declared U. S. State Department press officer Robert J. McCloskey. "In the meantime we believe it is of the utmost importance that the talks between the parties proceed forthwith."

It was understood that U.S. Ambassador Jacob Beam in Moscow and Donald C. Bergus, the top U. S. diplomat in Cairo, were asking for a stop to the missile buildup rather than a rollback. Washington reportedly did not want to make its demands so strong that they would prompt the Russians and the Egyptians to abandon the quest for peace.

Mrs. Meir in a speech to her Labor party said her government was insisting "that the United States press the Russians and Egyptians to uphold their obligations regarding the maintenance of the cease-fire and military standstill and the return of the status quo at the canal."

Reliable Israeli sources said the United States had offered to supply Israel antimissile electronic equipment and weapons if there was no demand for withdrawal of the missiles. The sources said the Israelis rejected this as "inadequate."

Despite the expressed U.S. desire to get the indirect Israeli-Egyptian-Jordanian peace talks at U.N. headquarters moving, Israeli sources said their government would not send its delegate, Ambassador Yosef Tekoah, back to New York until it got satisfaction from the United States.

In the first Egyptian comment on the U.S. statement of support for the Israeli charges, the semi-official Cairo newspaper Al-Ahram accused the United States of "insisting on accommodating the aggressive and expansionist designs of Israel."

A reward of \$1,000 has been offered for Mills, who is reputed to be an expert woodsman and once spent two years hiding out in the same area evading a knife charge.

Mills is said to have shot both Steele and his deputy, Dave Wilbur, as Steele attempted to serve Mills with a warrant relating to a dispute with an electric company wanting to work on power lines on Mills' property.

Steele was shot as he entered the house to present the warrant. He was buried Thursday.

## Jobless Rate Inches Higher

WASHINGTON (AP) — The nation's unemployment last month inched up to a near 6-year high of 5.1 per cent of the work force, while total employment dropped nearly 400,000, the Labor Department said today.

Asst. Commissioner Harold Goldstein of the Bureau of Labor Statistics said the August rise of one-tenth of one per cent in the national jobless rate was not significant, but the reports indicated the nation's continuing economic slowdown including a shorter work week and less overtime.

act registered uses that account for 75 per cent of domestic applications of DDT and 2,4,5-T. And government officials contend that because of legal loopholes and possibly lengthy appeals by manufacturers some retail sales of the pesticides for uses officially banned will continue until at least next year and perhaps for two to three years.

Nevertheless, government health officials say the Agriculture Department has demonstrated a new and unaccustomed willingness to act against pesticides that appear to threaten the environment.

Furthermore, the Nixon administration appears to be fulfilling its pledge to implement recommendations made last December by the blue-ribbon Mark commission appointed by the secretary of Health, Education and Welfare to examine the problem of pesticides.

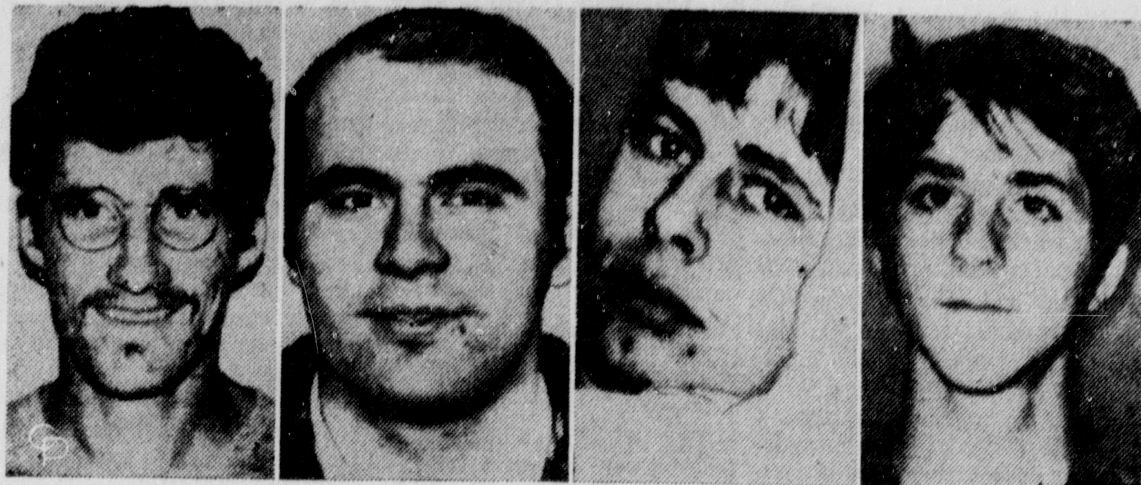

A start has been made on the commission's No. 1 recommendation that all DDT uses except those "essential to the preservation of human health and welfare" end by 1972.

And both HEW and the Interior Department have, because of the commission's recommendation, gained an equal voice with the Agriculture Department in deciding pesticide safety.

Still, the government has started action against only 5 of the 19 pesticides the commission listed as posing a "potential health hazard to man" because of laboratory links to cancer or birth defects in animals. The commission recommended "prudent steps to minimize human exposure" to the 19 but set no time limit.

The five pesticides affected by restriction so far are DDT and the related aldrin and dieldrin, 2,4,5-T, and mercury-based compounds.

The remaining 14 are amitrol, amirite, avadex, bis (2-chloroethyl) ether, chlorbenilact, heptachlor, mirex (2-hydroxy-ethyl)

FOUR HUNTED IN WISCONSIN U. BOMBING — These four young men who slipped into the underground after being questioned by police probing the Aug. 24 explosion which killed one and injured four other persons on the University of Wisconsin campus in Madison are being sought on federal charges. They are (from left) Leo Frederick Burt, 22; Karleton Lewis Armstrong, 22; his brother, Dwight Allen, 19; and David Sylvan Fine, 18, all of Madison.

## Bomb Suspect Being Sought In New York

UTICA, N.Y. (AP) — State police searched today for a car believed to be carrying one of four youths sought in connection with the bombing of a University of Wisconsin research laboratory.

The suspect, Dwight Armstrong, 18, and a companion were reportedly stopped for having a faulty muffler early Thursday evening in the city of Little Falls, about 25 miles from Utica.

State police said one of the pair identified himself as Armstrong to local police officers. They were allowed to proceed

because, state police said, they were not immediately connected with the men named in the warrants.

The two men told police they were en route to Utica to visit Leo F. Burt. A 22-year-old youth of that name also was named in the federal warrants, along with Armstrong's brother, Karleton, 22, and David S. Fine, 18.

In Madison, Wis., the father of the Armstrongs said Thursday night his elder son in a telephone call home, had denied responsibility for the Aug. 24 blast.

At the same time, authorities in nearby Sauk County said they wanted to question the young men about a January attempt to bomb a Wisconsin Army ordnance plant, and the discovery in February of an unexploded bomb at a nearby electric substation.

Donald Armstrong, father of two of the suspects, said he last heard from his son, Karleton, early Wednesday before the FBI announced issuance of warrants charging sabotage, conspiracy and destruction of government property.

## Lausche And Volpe Back Cloud Bid For Governor

By THE ASSOCIATED PRESS

Endorsements, the plight of senior citizens and taxes were the general topics of discussion Thursday as the tempo of pro-governor, State Auditor Roger Cloud, won endorsements from U. S. Secretary of Transportation John A. Volpe and five-time Democratic state governor Frank J. Lausche.

Volpe, in Columbus to give the commencement talk at Ohio State University today, said Thursday "the post Mr. Cloud occupies is doggone good training for the chief executive's post."

Volpe, a former governor of Massachusetts, added he hoped the "people of Ohio will look him (Cloud) over very carefully because he has a lot to offer."

"I hope you will elect him governor," Volpe said.

Earlier Thursday, Lausche, a former U. S. senator, jumped party lines for the second time during the current political season — this time to endorse Cloud.

Lausche, defeated by Cloud's Democratic opponent for governor, John J. Gilligan, in the 1968 senatorial primary race, explained his support of Cloud by saying "There's no scheming cleverness in his makeup."

While Cloud was basking in the glow of his endorsement from a senior Democrat, U. S. Rep. Robert Taft Jr., a Republican, also endorsed by Lausche, was proposing a seven-point program aimed at assisting senior citizens.

Taft, a candidate for the U.S. Senate, said the U. S. has an unpaid debt to its senior citizens, especially those whose incomes were marginal or below poverty levels.

Taft said his proposal would center on an anti-inflation policy, increases in Social Security and Medicare benefits, and income maintenance so that no senior citizen would have an income that dipped below the poverty line.

Also concerned with the welfare of Ohio's one million senior citizens was American Independent Party gubernatorial candidate Edwin Lawton.

Lawton pledged in Columbus Thursday his state administration would do everything possible to stretch retirement dollars.

"I can assure you that I will work diligently for legislation that will exempt retirees from all state taxes," Lawton said to a small group gathered in a private home.

He said that under his plan for the elderly, a retired person would not have to pay property taxes or surrender their property "to greedy state governments in exchange for benefits."

The issue of the property tax was a key one for Gilligan too. Gilligan told a Milford, Clermont County, audience Ohio's dependence on "archaic and unfair property taxes" to finance public services cause hardships, especially to educational systems around the state.

## Soviet Navy Help To U.S. Navy In Getting More Funds

WASHINGTON (AP) — When it comes to dealing with Congress, asserts one Pentagon official, the American Navy's secret weapon is the Soviet navy.

"It always seems the Russians are steaming off the coast at appropriations time," the official said. "Don't kid yourself, the Russian navy is the American Navy's best friend."

The comment points out the Navy's strategy of plumping Congress for more money to expand and modernize the aging U.S. fleet by raising the spectre of growing Soviet naval strength.

But the Navy's concern over the Soviet warships isn't exactly trumped up. The Soviets have come a long way in a short time.

It wasn't long ago when Moscow's archaic fleet rarely ventured from home waters of the Arctic Ocean and Baltic Sea. But the Soviets today are second only to the United States as the world's foremost naval power.

The five-ship task force, including two missile-firing ships and an amphibious landing craft, is the third Russian force since last summer and the second since April to cruise in America's backyard.

Some Defense Department officials believe these exercises may serve to establish a permanent Soviet naval presence in the Caribbean, once considered an American lake.

The situation is somewhat similar to the Soviet build-up in the Mediterranean Sea following the 1967 Arab-Israeli war. Prior to that conflict, the Mediterranean was dominated by the American Sixth Fleet.

The presence of the Soviet flag in Western waters is considered by some to be a re-enactment of what the United States has done for years — flown its flag in Russian waters.

Ten years ago the United States began sending a couple destroyers into the Black Sea to make the point that it wasn't a Russian lake. The twice-yearly voyages generally consisted of two destroyers.

But last summer the Russians sent a seven-ship task force to Cuba and the Gulf of Mexico, sailing within 40 miles of the Louisiana coast.

# Reds Set For New Blows At Vietnam

## 10 Divisions Said Massing For Assaults

PHNOM PENH (AP) — Up to 10 Communist divisions are now in Cambodia or moving down the Ho Chi Minh trail through Laos with orders from Hanoi to launch a major new offensive in South Vietnam, senior Communist diplomatic sources report.

American military sources in Saigon said they could not confirm or deny the report.

The sources said American warplanes have flown about 2,000 sorties against North Vietnamese positions in Laos and Cambodia during the past week to blunt any enemy plans for a massive offensive across the border into South Vietnam. But they said this was not unusual, that American planes have been waging such a bombing campaign for several months.

A sortie is one flight by one plane.

An American source in Phnom Penh said any enemy force of the size reported by the Communist sources would never be permitted to mass on the Cambodian border as such forces have done for previous offensives. He implied that American ground forces might enter Cambodia as they did last May and June in the operation which the U.S. Command said cleared out many of the enemy base camps on the Cambodian side of the border.

Cambodian and Western military sources said there is clear evidence that the North Vietnamese are rebuilding their border bases in the remote jungles of eastern Cambodia, bordering South Vietnam. Some of these bases are said to be in the same position as those cleared by U.S. and South Vietnamese troops during their May-June action.

One Communist source with indirect lines to Hanoi said the gathering force included North Vietnam's 1st, 2nd, 5th, 7th, 9th, 20th and 25th divisions. Cambodian intelligence already has reported the 1st, 5th, 7th, 9th and 20th divisions in the country.

Some sources believe the attack on South Vietnam will begin in about two months.

Communist sources say the plan for a major offensive in South Vietnam reflects a decision in Hanoi to make the main target South Vietnam again and not the destruction of Cambodian Premier Lon Nol's regime.

Possible aims were said to be the disruption of the Saigon government's increasingly strong military machine, reversal of the Vietnamization program and the inflicting of serious new casualties on American troops to quicken the antiwar sentiment in the United States.

In the ground war, a communiqué from the U.S. Command said "light and scattered ground contacts continued to characterize activity involving U.S. forces in Vietnam."

## \$40,000 Chest Goal Announced

A goal of \$40,000 was set for the 1971 Fayette County Community Chest Thursday by the board of directors.

This is \$500 more than the 1970 goal of \$39,500 — only \$36,026 was raised in 1970, however.

The goal includes \$38,400 for participating organizations and \$1,600 for expenses.

The date for the campaign will be set Tuesday night after the board elects officers.

Five board members were elected to three-year terms, two were appointed to fill out unexpired terms and three were appointed to one-year terms as provided by the bylaws.

Elected to the board were Edward Williams, of Bloomingburg, and Ralph Detty, of Jeffersonville and re-elected were Robert Lee, Mrs. Loren Noble and James Wright. Mrs. Howard Mace and James Kiger go off the board.

APPOINTED to the board were Pat Palmaccio to fill two years of the unexpired term of Don Bailey, and George Winkle to fill out the remaining year of R. W. Coleman's term. Both Bailey and Coleman have moved from the city.

Appointed to one-year terms were Howard Beckert, Miss Maxine Gilmerr and John Standard.

In setting the \$40,000 goal, the board approved allocations to the same 11 organizations which received financial support this year. Representatives of these organizations were at the meeting to present their requests, a few of which were trimmed by the board. One, the Y-Teen Clubs, asked a reduction in its allocation.

The organizations and the allocations approved were: Boy Scouts \$6,000; Camp Fire Girls \$4,200; Community Activity Fund \$2,000; Girl Scouts \$3,800; Mental Health Association \$1,000; Eymann Park \$2,100; Red Cross \$9,000; Salvation Army \$6,000; Senior Citizens, Inc., \$3,000; United Service Organization \$900 and Y-Teen Clubs \$400.

Severe weather warnings were in effect much of the night in sections of Oklahoma, Kansas, Missouri and Arkansas. Similar warnings were out earlier for adjacent areas of Nebraska and Colorado.

A windstorm swept Leavenworth, Kan., in the predawn hours and toppled numerous trees and power lines. Similar damage was reported earlier in southwestern Missouri in the Lamar and Greenfield areas.

Hailstones the size of small grapefruit bombarded Coffeyville, Kan. Large hail also pounded Tulsa, Okla., and other portions of Kansas and Nebraska.

The turbulent weather generally marked the southern edge of a cool front that dropped temperatures into the middle and lower 40s over the northern Rockies before daybreak.

Six persons were injured in a tornado that dipped into the western Pennsylvania town of Monaca Thursday night. Several buildings were destroyed and two families were left homeless.

Earlier Thursday, four persons were cut by flying glass as a twister touched down at Huntington, in southwestern Indiana. The storm uprooted a number of trees.

The storms dumped as much as two inches of rain into portions of Missouri and Michigan. Soakings of an inch or more were reported in Ohio and Tennessee.

Showers and thunderstorms extended eastward from the Great Lakes to the Middle Atlantic states and New England during the night.

Scattered thundershowers also washed the southern Rockies and spilled into the Southwest.

Linda Brucker, 19, suffered minor back injuries and was taken to a hospital for treatment. The tornado was reported to have struck a three-mile path about 100 yards wide in an area three miles north of Circleville.

## Storms Rake Central U.S.

### 10 Persons Hurt In Winds, Hail

Violent thunderstorms hammered the nation's midsection today with damaging winds, heavy rain and hail.

Ten persons were injured in tornadoes or high winds that lashed parts of Indiana and Pennsylvania late Thursday.

Severe weather warnings were in effect much of the night in sections of Oklahoma, Kansas, Missouri and Arkansas. Similar warnings were out earlier for adjacent areas of Nebraska and Colorado.

## Antiwar Organizers Stunned By Planned Ky Visit, Talk

WASHINGTON (AP) — Antiwar organizers reacted today in stunned disbelief to the announcement that Vice President Nguyen Cao Ky of South Vietnam plans to address a Vietnam

victory rally in Washington Oct. 3.

"Wow!" said theology student David Hawk, who helped organize last October's nationwide Vietnam moratorium. "Is that right? Wow! That's really something."

Hawk gathered his thoughts and said, "My first impression is that we should let it happen. I think that would really speak to the American people as to what the goals of the government we are supporting in South Vietnam really are."

The news came as a thunderbolt to activists who had been floundering in attempts to stage a mass demonstration in the nation's capital this fall.

"Oh, you're kidding," said Ron Young, one of the leaders of the coalition that forged last November's massive antiwar demonstrations in Washington and San Francisco. "That's fantastic. That's interesting food for thought."

Young said the development is certain to be discussed Sept. 11 when activists gather in Milwaukee for a strategy conference.

Ky's office in Saigon announced Thursday that the vice president had accepted an invitation extended by fundamentalist radio preacher Dr. Carl McIntire to address a rally sponsored by McIntire's "March for Victory Association."

Rally sponsors say they hope 500,000 persons will gather. Young shared Hawk's caution as to the wisdom of any counter-demonstration. "For Ky to associate himself with McIntire says not at all for Ky," Young said. "If Ky came at the invitation of the government that would be another thing."

The State Department said the forthcoming Ky trip to Washington will not be an official visit.

A movement personality in Chicago said Ky's visit may well be ignored but he pointed out that hundreds of demonstrators assembled in Washington — without any apparent movement planning or sponsorship — in reaction to Honor America Day last July Fourth.

## Twister Reported North Of Circleville

CIRCLEVILLE, Ohio (AP) — A tornado touched down on a short section of U.S. 23 just north of Circleville late Thursday and moved a service station off its foundation, deputy sheriffs reported.

## Pesticide Ban Said Having Little Effect

WASHINGTON (AP) — The federal government's flurry of action against pesticides has failed to reduce significantly the amount of chemicals polluting the environment, and the bans it has ordered aren't likely to be effective for at least a year.

The Agriculture Department, over the past 10 months, has announced cancellation or suspension of a number of the registered uses for DDT and two of its close chemical relatives — pesticides containing one form of the poisonous metal mercury, and the herbicide 2,4,5-T, which has been shown to cause birth defects in animals.

The actions, however, left in-

act registered uses that account for 75 per cent of domestic applications of DDT and 2,4,5-T. And government officials contend that because of legal loopholes and possibly lengthy appeals by manufacturers some retail sales of the pesticides for uses officially banned will continue until at least next year and perhaps for two to three years.

## Women Waitresses Unhappy Over Role At State Dinner

CORONADO, Calif. (AP) — The waitresses at the showcase hotel Hotel del Coronado served at President Nixon's state dinner for Mexico's President Gustavo Diaz Ordaz.

But they weren't really satisfied—they took around only the hors d'oeuvres and cookies. The male waiters, hired for Thursday evening, did the major job, serving 600 guests in the candle-lit Crown Room.

"It wasn't what we wanted,

but we had to settle for second best," said one of the waitresses.

Anyway, they were happy about seeing all the celebrities and said they were proud to be there.

After the waitresses objected earlier this week, a White House spokesman said waiters were brought in because men traditionally serve state dinners at the White House.

Social secretary Lucy Winchester added later that the platters were too heavy for the waitresses to handle.

She said a law in California forbids requiring women "to lift things over so many pounds."

She said she didn't know exactly how many, but a waitress said "that's their story," and that they carried heavy platters and trays every day.

"We have served a lot of fancy parties," one said. "I think we could have done this."

About 50 waiters were hired for the event and 32 waitresses were on duty.

One of the waiters serving from the platters was asked during the dinner how much they weighed.

He said "about seven pounds loaded with prime beef"—then added, "not very heavy."

## Nixon Sets More Talks On Mideast

SAN CLEMENTE, Calif. (AP) — President Nixon, tapering off a fortnight's stay at the Western White House, made appointments for talks today with diplomats, a mayor and a German politician.

The Far East and the Middle East claimed attention in half-hour sessions with the men Nixon has tapped for ambassadorial assignments in Cambodia and Jordan.

Henry C. Swank, ambassador-designate to Cambodia, preceded L. Dean Brown, ambassador-designate to Jordan, on the presidential schedule.

Nixon and Swank were expected to go over the reports that Vice President Spiro T. Agnew brought back on Cambodia from his five-nation tour of Asia.

Nixon and Brown were slated to focus on the uneasy cease-fire joined by Israel, Jordan and Egypt.

Mayor Sam Yorty of Los Angeles drew a spot on the presidential appointments slate and so did Rainer Barzel, leader of the opposition Christian Democratic party in West Germany.

The presidential afternoon was free for either office chores or a bit of relaxation on a beach.

## Mainly About People

Mrs. Virgil Dwyer, 434 E. Paint St., has returned from Chillicothe Hospital, where she was a medical patient.

Peggy Butler, 5, daughter of Mr. and Mrs. Richard Butler, of Cynthia, who underwent amputation below the knee Sunday in Memorial Hospital, following a riding mower accident, remains a patient here and is reported in "good" condition. The accident occurred when she jumped from the mower operated by her father. She was given emergency treatment at Greenfield Municipal Hospital and transferred here.

## Man Released; Court Decides He's Competent

CHARDON, Ohio (AP) — Dr. John R. Brostman, 40, was released from Geauga County jail Thursday after Probate Judge Robert Ford said court-ordered tests showed Brostman was mentally competent.

Brostman, who is charged with assault in the beating of his wife, had been held in jail for 10 days on a Chester Township police sergeant's affidavit saying he was mentally ill. Brostman's attorney, H. Donald Zimmerman, said Thursday the affidavit was based on "neighborhood gossip" and that Brostman would plead innocent to the assault charge. Brostman's wife Mary, 40, who was found beaten and unconscious at the couple's Chester Township home Aug. 14, was in satisfactory condition at Huron Road Hospital Thursday.

## Robot Oil Rig Leveled By Fire

SANTA BARBARA, Calif. (AP) — An unmanned oil-drilling platform in the Santa Barbara Channel blazed like a huge torch for four hours today following an explosion. Flames licked 200 feet into the air and were visible for 15 miles up and down the coast.

The robot rig was destroyed by the blaze, said a spokesman for Standard Oil Co. of California, operators of the platform. Cause of the fire and explosion were not immediately determined, the spokesman said. It was put out by company workmen spraying seawater on the platform from pumps aboard six small barges.

## Golda Meir Moves Up U.S. Visit Date

TEL AVIV (AP) — Premier Golda Meir is reported by usually reliable sources to have arranged to make a U.S. visit five weeks earlier than the originally planned October date. The visit had been set to coincide with 25th anniversary celebrations of the United Nations.

### WEATHER SUMMARY

COLUMBUS, Ohio (AP) — Official weather bureau summary for Ohio:

Ohio experienced breezy mild weather last night. Showers gradually diminished during the night. Early this morning temperatures were in the upper 60s and low 70s ranging from 67 at Toledo and Cleveland to 74 at Ironton.

It will be a little cooler to night and in the northern sections of the state Saturday. Temperatures are expected to rise into the upper 70s in the north Saturday. Fair and warm weather is the outlook for Sunday and the next showery weather is likely to move into the state about Sunday night or Monday.

## Pill-Taking Danger Seen

GENEVA (AP) — A danger exists in the United States in multiple pill-taking—the use of medical drugs which taken alone are curative but harmful if consumed with other drugs, the president of the American Pharmaceutical Association said today.

George B. Griffenhagen asserted that multiple pill-taking can cause death.

In medical language the problem is called "interaction." Griffenhagen said too many people are buying too many different pills for different ailments, often on prescription from different doctors, and then often take several at the same time.

Griffenhagen is attending the International Pharmaceutical Federation Congress here.

The Hundred Years War between England and France actually lasted 115 years.

## Jaycees Will Co-Sponsor Junior Achievement Firm

The Jaycees will co-sponsor a Junior Achievement company this year with the Dayton Power and Light Co. and the Washington Savings Bank.

As a co-sponsor, the Jaycees will provide advisers for the company. The decision was reached at a meeting Thursday night.

Under the Junior Achievement program, both boys and girls of Washington Senior High School and Miami Trace High School form companies for the manufacture of products of their own selection and then market them.

Present plans call for formation of five JA companies this year.

The growth of the JA program necessitated moving into bigger quarters in the former city garage on N. Fayette Street, which the Jaycees have been preparing for operations.

Pete Crowe, in charge of the renovation, reported the project

## Stock Prices On Upside

NEW YORK (AP) — Stock market prices pressed forward today in moderate trading.

At noon, the Dow Jones average of 30 industrials was up 3.69 to 768.96.

Advances outnumbered losers by nearly 3 to 1 among the issues traded on the New York Stock Exchange.

Most brokers saw underlying market strength in the sharp gains of Thursday and today's continued advance.

Hopes that corporate finance problems have eased, that the economy has improved, and that inflation might be coming under control were cited as factors in the continued good market performance.

The advances ran through rubber issues, farm implements, aircrafts, utilities, and building materials.

Among the glamors, Control Data was off ¼ at 40½, IBM was ahead 1¼ to 271½, International Paper was up 1¼, Polaroid was ahead ½ at 114, and Xerox was up ¾ to 80½.

The Associated Press 60-stock average was ahead .9 to 252.7 at noon, with industrials up 1.5, rails ahead .2, and utilities up .5.

## East Liverpool Soldier Killed

WASHINGTON (AP) — Army Spec. 4 Alfonso Foster, son of Mrs. Delores D. Foster, 170 Haywood St., East Liverpool, Ohio, has been killed in action in Vietnam, the Defense Department reported Thursday.

## Woman Slips In Driveway; Car Runs Over Hand

A Mount Sterling area woman, attempting to catch her nephew's car leaving the driveway, slipped and was run over by the vehicle Thursday afternoon. She suffered a hand injury, Fayette County sheriff's deputies said.

Mrs. Mettie C. Daines, 48, Rt. 1, Mount Sterling, was brought to Fayette Memorial Hospital by her husband, Frank, about 7 p.m. The mishap, Mrs. Daines told officers, occurred at about 2 p.m. at her home.

The woman explained that she ran out of the house in attempt to stop a car driven by her nephew, Thomas Blevins, and accidentally slipped. The rear tire ran over her left hand.

## Jeff's Hopes For Sewer Grant Mount

JEFFERSONVILLE — The meeting of Village Council Thursday night was short, but it raised hopes for approval of the application for a loan and grant from the federal government for a \$480,000 sanitary sewer and sewage treatment plant in the near future.

Mayor Donald M. Morrow reported he has been advised that a "letter of compliance" will be received by Council within two weeks from the Federal Farmers Home Administration. He explained this means that Council will have to certify compliance with certain additional requirements before the loan and grant is approved.

The major, pointing out that Council already has completed many requirements, said there is no assurance that this "letter of compliance" will be the last, but he added "it looks like we're getting a little closer."

The sewer project has been "in the works" for more than two years.

The mayor also reported that the virtual rebuilding of Main Street will get under way the first of next month, weather permitting.

## Seek To Curb Sale Of Arms

ADDIS ABABA, Ethiopia (AP) — President Kenneth Kaunda of Zambia will lead a five-nation delegation to France, Britain and West Germany to try to persuade them not to sell arms to South Africa, he announced today following the 14-nation African summit conference here.

The foreign ministers of Mali, Kenya, Algeria and Cameroon will accompany him.

They will also discuss Western aid to the white government of South Africa and the Portuguese territories of Mozambique and Angola, Kaunda said.

## Man Charged With Threatening Mrs. Onassis

LONDON (AP) — A man charged with demanding \$3.4 million in a kidnap threat against Aristotle Onassis and his wife Jacqueline was charged today with threatening to kill her.

The extra charge was revealed as John William Humphrys, 58, was ordered to remain held without bail until a jury trial begins next week. Humphrys, a British electronics engineer, was arrested July 21.

In the preliminary hearing at London's Guildhall Court, Humphrys was accused of sending John Newnham, a shipping agent for Onassis, a letter threatening to kill the widow of the late Jona F. Kennedy. Further details of the alleged threat were not disclosed.

At an earlier hearing he was accused of demanding more than \$3 million from Newnham to prevent a kidnapping of the Onassis.

# Bankers Fret Over Tarnished Image

By JOHN HENRY  
AP Business Writer  
NEW YORK (AP) — The president of New York's Chase Manhattan Bank frets over the tarnished image his profession projects to the public.

"There's a big feeling that banks are crooks—particularly big New York banks," says 44-year-old Herbert P. Patterson, who last year became chief administrative officer of the nation's third largest commercial

bank. Critics of the banks accuse them, among other things, of maintaining interest rates at levels bordering on usury, of looking the other way when alleged criminals transfer funds into secret foreign bank accounts from domestic accounts, and of executing a brazen power grab by entering fields outside their traditional sphere of operations.

Patterson says these charges are unfounded. As for high interest rates, he says, "We don't make money when rates are high. We'd like rates to come down." Patterson says that partly because of the

high cost the bank must pay for the money it loans, its earnings in the first half of this year were down from a year earlier. Chase's income for the period—before securities gains and losses—dipped to \$57 million from \$59.2 million in 1969.

Although Patterson would like to see lower interest rates, he doesn't want to see them come at the expense of more inflation. He says that could happen if the nation's money supply was expanded too quickly by the Federal Reserve Board.

The bank president says he

supports the Nixon administration's bill now before Congress which would shed light on secret foreign bank accounts maintained by Americans.

Some of the accounts are alleged to be repositories for funds of so-called "white collar" criminals and those engaged in organized crime.

"We are 1,000 per cent behind the intent but where we find fault is with the nuts and bolts of the thing," says Patterson.

He says he objects to the amount of record keeping that would be required of banks under the legislation. Patterson also says that the bill raises the threat of the invasion of privacy of depositors.

### BIDDING QUIZ

You are South, East-West a defensive hand, and the best policy is to let West play at one diamond and hope to beat him.

West North East South  
1♦ Pass Pass ?  
What would you bid now with each of the following five hands?

1. ♠A964 ♥KQ83 ♦74 ♣Q92
2. ♠63 ♥KJ95 ♦KJ87 ♣J94
3. ♠KQJ83 ♥A72 ♦6 ♣K943
4. ♠K85 ♥A63 ♦QJ54 ♣K82
5. ♠AKJ987 ♥9 ♦K4 ♣AJ75

1. Double. It is clear that partner must have some values despite his failure to bid over a diamond; otherwise, the opponents would not have stopped at such a low contract. Whenever the bidding dies at a low level, the last player to speak must decide whether to give up the ghost by passing, or whether to fight for a part score or game, as the case may be.

The last player is said to be in the balancing position. He is not required to bid, but, if he does, partner should remember that the bid is made in the protective seat and may therefore be substandard. The double in the present case, though light, is clearly indicated. It would be wrong to bid a heart, or a spade, or to pass.

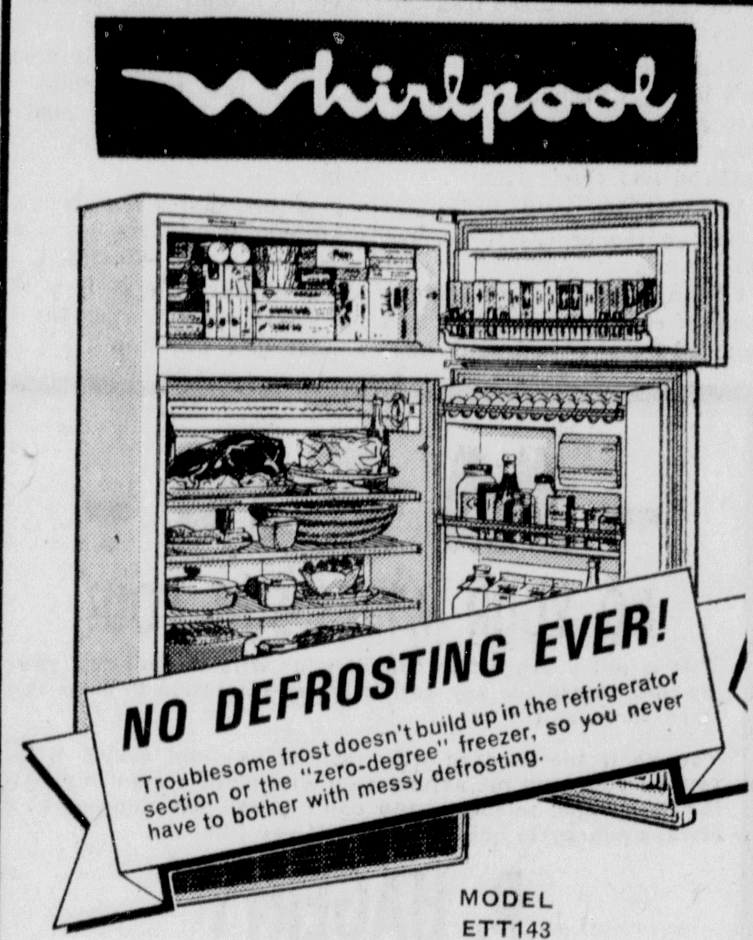

2. Pass. There is a limit to how far the protective principle can be carried. This is primarily

a defensive hand, and the best policy is to let West play at one diamond and hope to beat him.

3. Double. One spade would be wrong because the hand is too good for a mere overcall. The spade bid would be perfectly proper if the king of clubs were, say, the deuce, but with the hand you have, the proper way of showing its strength is by doubling for takeout. You plan to show the spades later, if the bidding develops favorably.

4. One notrump. A notrump bid in the protective seat shows limited values. It does not require—nor can it properly have—the normal range of 16 to 18 points. It is true that you have the high-card values for a takeout double, but it is better to bid a notrump to show the balanced distribution. If partner prefers to play in a suit, he is free to bid his hand accordingly.

5. Two spades. The only problem is whether to double or to jump to two spades. One spade should not be seriously considered because this would grossly understate your actual values. The double is undesirable—partly because it is ambiguous, coming as it does in the protective seat, and partly because there is no support for hearts. The jump to two spades shows not only substantial high-card strength but also a very good suit.

## Disenchanching Youth

In recent times the seamier side of the American free enterprise system, which at its best is richly generative, has again been brought to attention by congressional hearings. The American public should reflect on how such disclosures relate to the cynicism and "turned-off" attitude so often found among youth.

One of the sets of hearings referred to was conducted by a subcommittee of the Senate investigating the tragic situation of migrant workers and their families. Another brought some light and considerable heat to bear on the matter of nutritional quality in breakfast foods.

One large employer of migrant workers, the Coca-Cola Company, came in for special censure at the hearings on this subject. It was revealed that while top executives get salaries that may run well into six figures, not to mention stock options and other plush benefits, migrant stoop laborers in

Coca-Cola orange groves are paid wages averaging under \$1,000 a year and suffer dismal living conditions.

The Coca-Cola Company has responded positively, announcing plans to upgrade the working conditions for migrants. The impression nevertheless remains that for years the grovers have been guilty of cruelly exploiting migrant labor. The impact of that on the young is not hard to imagine.

This goes, too, though in lesser degree, for allegations that breakfast cereal manufacturers market foods of little nutrient value and put them across mainly by "padding" to children on daytime television shows. Though the cereal people offered rebuttals, there is a lingering impression that a lot of what they market is indeed long on promotion but short on nutrition.

Much of the American public gives only minimal attention to such hearings by congressional committees,

mainly because similar hearings have occurred so often in the past. The older generation, weary of such exposures, seems inclined to tune out the hearings. One reason so many of the young are disenchanted with American society may, however, spring from testimony about shoddy practices.

In their formative school years they are nurtured on an ethic that they now see crumbling before them. The migrant worker exposure, the questions raised about the food value of popular cereals, and other disclosures in recent times have shown young people some unpleasant aspects of American economic life. Some respond by protesting in various ways against the establishment. Others decided against careers in the business world.

The lesson is clear: if the leaders of business and industry want to attract the young, they had better clean house.

## Pollution, Pollution--It's Everywhere!

## THESE DAYS.... By John Chamberlain

NAPLES — Like my globe-trotting editor, Louis Messolonghi, I am an incurable rubberneck. So, with a weekend to spare, it was the tourist bit for me around the crater of Vesuvius and on the Isle of Capri.

Capri, which pushes its crocodile-head profile out of the sea at the entrance to the Bay of Naples, is a mixed bag, with thousands of tourists come to watch other tourists. The dress styles combine hobble skirt effects with bare midriffs, and are wild, man, wild.

But the island's incredible beauty is there, and the approach trip — in a speeding hydrofoil — is glorious. So is the dinner with an Italian-American friend is one of the island's good restaurants.

But alas! The proprietor of the restaurant, an old friend of my friend, warns us against his own salads. "Pollution," he says. "The lettuce is not safe."

Capri itself has no wells or springs; all its water comes from the mainland in tanks. The water, whether from unclean tanks or unclean origin, is not to be trusted, nor are the raw vegetables that are washed in it to be eaten with any safety.

BUT HOW ABOUT the shellfish? The oysters, the mussels, the other "fruits de mer" that must abound in the Bay of Naples? Alas! Again, you are warned about pollution.

There's hepatitis about, and the gruesome stories of local cases somewhat dampen a meal on an excellent (and quite clean) deep sea fish washed down with

good wine and perfectly safe mineral water.

It's not just Naples that has to endure the pollution scare. In Rome we were warned not to swim at the Ostia beaches, which necessarily absorb the bacterial content of the River Tiber.

Kingsburg Smith, the chief European correspondent of the Hearst papers with offices in Rome, tells of going more than 2½ hours up the coast for a beach vacation.

If he had gone all the way to the Ligurian coast in the north he would have had to listen to pollution warnings from the mayor of Genoa.

ONE HAS always been wary of drinking tap water in the south of Europe, but the extreme sensitivity hereabouts to the pollution problem is something new.

At the moment there is the cholera scare — cases that have broken out in Libya, Egypt, and Israel are played up in the papers, with demands that sailors coming in from Middle Eastern ports be vaccinated.

The 869,985 automobiles registered in Rome are the subject of lectures on carbon monoxide poisoning, not to mention noise pollution, though in August, when the Romans are out of town, there is an abatement of the ordinarily horrendous traffic problem.

Then there is the body pollution that afflicts the young in Rome as elsewhere in the world: arrests for the possession, sale, and use of hashish in the Villa Borghese gardens are a current scandal.

The drug culture grows despite the terrifying laws against it (some American servicemen have recently received 13-year prison sentences for drug possession).

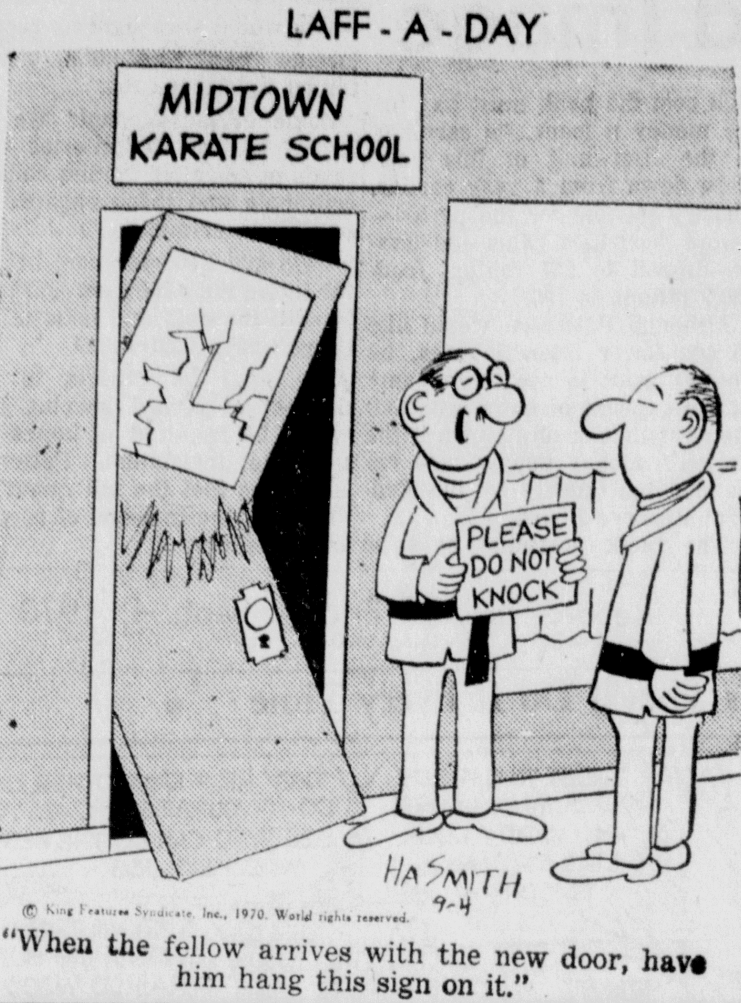

IT'S NOT just Italy, of course, that suffers from the new ills that suddenly put on seven-league boots in that most degrading of all our recent decades, the Sixties. Coming through to Italy from France, one has read about the pollution of the River Maine, where swimming and fishing have been banned and the use of the river water for gardening has been prohibited by the health authorities of the city of Angers.

And, in the Paris International Herald Tribune, there is a feature story from the U. S. about 35,555 Vermonters being warned to "boil the water you drink until a state chemist can be brought in to monitor the system." This from one of the cleanest American states.

As they said in Rome, according to Shakespeare, "Et tu, Brute."

Maybe the world has always been polluted; maybe it is only our consciousness of the problem that has changed in magnitude. In the Middle Ages they had the Black Death, and enteritis — "Montezuma's revenge" in Mexico — has been an ancient traveler's story.

But whether things have actually grown worse or not, something must be done about cleaning up the planet. It was intolerable when Hitler was in the headlines, and now it's intolerable when Hitler has been replaced by dirt.

## Dear Abby: By Abigail Van Buren

### Ending Misery Not Right Of Daughter

DEAR ABBY: My elderly mother has lived with me for three years. She is bedridden, completely helpless and is suffering from an incurable disease. In order to give her the care she needs, my husband and I have had to give up all vacations, most of our social life, not to mention the financial sacrifices we've made. It would be an act of mercy to give her "something" to put her out of her misery, and hasten her death.

What advice can you give me? Wouldn't it be humane to put an end to all this suffering?

UNCERTAIN

DEAR UNCERTAIN: Whose? Hers or yours? Doctors can do much to make a terminal patient comfortable. But to "put her out of her misery" as one would a dog, is clearly illegal. And for good reasons.

Giving a person the "legal right" to terminate the life of another under some circumstances may be "humane." But because that right could be abused for selfish gain, society must be protected against it.

DEAR ABBY: I am married to a wonderful, generous, warm-hearted man. I know he loves me, and I love him. In spite of this, I have a problem. (I am wondering how many other women are classified as "frigid" for the same reason.)

I cannot touch, hug, kiss or show any affection toward my husband without him wanting to jump into bed. When he comes home after work, I have to be careful not to give him too warm of a "welcome home kiss" or I'd never get my dinner on the table. Consequently, if I keep out of his reach he accuses me of being a "cold fish."

Abby, we are not children. My husband is in his late fifties and I am in my late forties. Believe me, he has always gotten and still gets his share of affection, but I say enough is enough. I'd like your opinion.

TIED

DEAR TIED: I'm with you. Don't tell me "enough is enough." Tell him.

DEAR ABBY: I am a widow and my problem is a gentleman who is a longtime friend of a relative. He keeps calling and inviting me out, and I keep putting him off. He's a nice person and has admirable qualities, and I would really like to know him better, but Abby, I am ashamed to be seen with

## When Man Becomes Husband

By BOB HARING  
Associated Press Writer  
EAST BRUNSWICK, N.J.  
(AP) — A husband is more than a man.

While it is true that all husbands are men—even in these days when sexual barriers are toppling—it is not true that all men are husbands.

And therein lies the difference.

A man is an independent creature, free of spirit and action. A husband is something else.

Crossing the barrier between youth and manhood is nothing compared to crossing the threshold to husbandhood.

Boys learn quickly and naturally the attributes requisite for the male of the species. Hormones, heredity, training—possibly even mothers—prepare boys for their proper role as males, breadwinners, hunters, warriors against the world.

Nothing really prepares a man for husbandhood. And the transformation is less dramatic, more gradual. Many a man becomes a husband before he realizes it.

As the winds and waters of centuries carve even the hardest rock, so the soft abrasions of daily living shape the husband.

The trauma of the first big dinner for company when the roast burned.

The death of the first pet shared by man and wife.

The first argument with a neighbor housewife.

The bridge party with the couple neither of you like.

The disappointment over a promotion hoped for but given to someone else.

In many small deeds, a man shapes himself toward husbandhood: bringing home flowers bought on impulse, for no special occasion; forgetting a birthday; sending a card from an out-of-town trip; finding a puppy to replace one taken tragically by a car.

Man cannot cope with woman's tears. A husband has to.

In a thousand such copings, a man and a woman become a husband and wife.

Yet neither may be really aware of the process or of the change.

Children are but one more element of change—a rougher sand to grind the sharp edges of marriage.

While the transformation may be subtle, both sides recognize when the metamorphosis is complete.

The sign may be titanic, a fierce argument or a shared loss of a child or loved one. Or it may be microscopic, the purchase of a table, the planting of a tree.

But the recognition is clear: Suddenly two people think on one wave length, sharing thoughts and reactions like twins.

It is then that a man becomes a husband who dares buy a suit—or even a house—without his wife's approving eye. It is then he starts wearing the tie she bought last Christmas.

### DO YOUR WIVES SUIT YOU?

This is not a suggestion that if your wife doesn't suit you, it's time to replace her, rather it's an invitation to shop our store for a suit.

You do it the modern way (self-serve) and SAVE BIG. In case you need the assurance a wife lends a man in making that right selection and can't bring her along—we're always nearby to help a fit too—if you like!

## Guide To Good Health

By LESTER L. COLEMAN, M.D.

MY GRANDCHILD is five years old and has grown to four feet one inch, with hands and feet the size of an adult. I have been reading about hormone glands and wonder if her condition could be due to acromegaly.

We don't know what doctor to go to.

Mrs. E.B., Rhode Island

Dear Mrs. B.: Nowhere in your letter did you indicate that you have been seeing any doctor about this problem.

The very first one you must consult is, of course, your family physician. It must be remembered that the family physician is still the strongest support for all medical and emotional problems.

He is the clearing house that distributes difficult problems to specialists he carefully chooses.

A hormone secreted by the pituitary gland in the brain is known as the "growth hormone."

Acromegaly and gigantism can be caused by the overproduction of this hormone, particularly from the anterior part of the pituitary gland.

The correct diagnosis can be made for your grandchild's condition by X-rays of the bones and by specialized blood studies.

In many instances, the exact cause of such unusual growth can be found. X-ray treatment, surgery, hormones and drugs can be effectively used to control abnormal growth.

Can an ectopic pregnancy have resulted from too much physical activity during the first few weeks of pregnancy?

Mrs. N.W., N.J.

Dear Mrs. W.: An ectopic, or tubal, pregnancy is one that takes place in the fallopian tube rather than in the uterus, or womb.

The fallopian tube is a passage way through which the female egg, or ovum, normally passes from the ovary into the womb.

In most instances, the ovum is fertilized by the male sperm in the womb, where it then implants itself and grows, on the inner wall.

In an ectopic pregnancy, the fertilized egg attaches itself to the narrow wall of the fallopian tube and starts to grow in this confined place.

It is for this reason that ectopic pregnancies, when unrecognized, rupture through the tube and cause distressing symptoms.

You should have no feeling of guilt that any activity may have been responsible. Fertilization of the egg occurs immediately, and is therefore unaffected by anything.

The most common cause is some type of previous inflammation or infection of the tube, abdominal adhesions following surgery and occasionally a birth defect of the tube itself.

SPEAKING OF YOUR HEALTH: Steam inhalations, any time of the year, are excellent for croup.

## A Way of Peace

Because God had ordered him not to go to Egypt, Isaac remained in Palestine despite the privations of a famine.—Genesis 26:1-5.

## ILLUSTRATED SUNDAY SCHOOL LESSON

Scripture—Genesis 26.

Isaac's deception — introducing his wife as his sister—was discovered by the king, who rebuked him for his falsehoods.—Genesis 26:6-16.

Conflicts between Isaac and the Philistines caused him to move several times before finally settling in Beersheba.—Genesis 26:17-25.

There Isaac entered into a covenant of peace with his former enemies.—Genesis 26:26-33.  
GOLDEN TEXT: Romans 12:18.

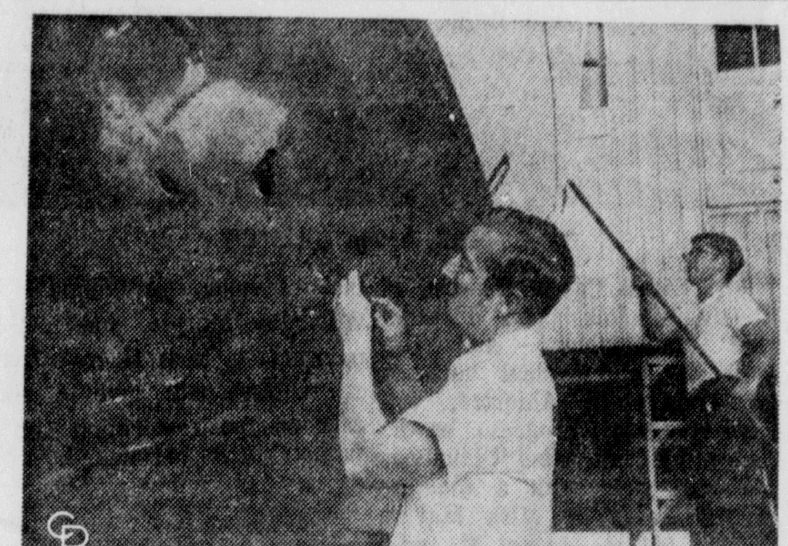

## Seminarians Shake Up Roman Catholic Routines

By GEORGE W. CORNELL  
AP Religion Writer

NEW YORK (AP) — "Yesterday's Gone," one of their songs puts it. And they're shaking up Roman Catholic routines to show forth a new day in serving the faith.  
"We think religion is life," says Brother Pat Coyne, 23, one of the 11 seminarians in the Midwestern enterprise. "And we're trying to help return it to the people."

Their effort includes an odd combination of ingredients: slum living, theological probing, befriending poor families and vagrants, publications and singing folk rock.  
"It's a matter both of doing it and communicating it," says Brother Pat.  
He's a lead vocalist of the widely heard folk rock group, the "Mission Singers," which is

only one phase of a diversified, innovative, sometimes controversial, yet small and down-to-earth Christian venture.  
It's called the Contemporary Mission, which operates out of a two-story tenement in a poverty section of St. Louis, Mo., where the group studies, works with the poor and turns out its unusual flow of teaching materials.  
The latest, "A New Catholic Catechism," published by Stein and Day, is one of the most unconventional approaches yet in exploring the faith, from the center to its far edges.  
Instead of offering set answers, it poses the basic questions and then presents varying responses, citing both "yes" and "no" factors involved as seen from the "new and old perspectives" in the church.  
"One question may have 40 answers—40 truthful answers," says Brother Pat, from New York. "The true dynamics of belief involves thinking through questions, and we're trying to stir up people to think about the different dimensions of faith."  
The volume was turned out by the Rev. Patrick Berkery, a seasoned theologian and educator, and two members of the unusual community of which he is adviser-director. The coauthors are Brothers John O'Reilly, 25, Boston, and Joseph Valentine, 25, New York.  
They concede that some people may consider it a "dangerous book" for explaining the wide diversity in current Church thought, but they insist it "presents no threat but truth."

**ANGRY MAN CHOPS HOLES IN \$5 MILLION JET**—Bill Ennis, an Eastern Airlines mechanic, inspects 18 holes chopped in a \$5 million jetliner at Miami International Airport by Thomas William Brown, 38, a carpenter. Brown said he chopped the holes and sprayed black paint on the plane because his dog, a champion wolfhound, died of heat prostration after an Eastern flight. At the right Robert Beatty attacks paint on jet's nose.

## Today In History

By THE ASSOCIATED PRESS  
Today is Friday, Sept. 4, the 247th day of 1970. There are 118 days left in the year.

Today's highlight in history:  
On this date in 1781, Los Angeles was founded by Spanish settlers.  
On this date:  
In 1870, in Paris, the Third French Republic was proclaimed.  
In 1885, the forerunner of today's cafeteria — the self service restaurant — opened its doors at 7 New St., in New York City and was known as the Exchange Buffet.  
In 1931, Maj. James Doolittle established an aviation record when he flew from Burbank,

Calif., to Newark, N.J., in 11 hours, 16 minutes.  
In 1940, Adolf Hitler, speaking in Berlin, promised the German people he would invade Great Britain, no matter what.  
In 1944, Allied soldiers liberated Antwerp, Belgium from the German invaders.  
In 1957, a crowd of 400 jeering white men and women stood by at Central High School in Little Rock, Ark., as troopers barred nine Negro students from entering the building.  
Ten years ago — The Soviet Union agreed to negotiations aimed at clearing the way for Finland to join the European Free Trade Association.  
Five years ago — President Lyndon B. Johnson extended U.S. recognition to President Garcia-Godoy's provisional Dominican Republic government and pledged to give it \$20 million in economic aid.  
One year ago — Israel called off a three-day search for Dr. James Pike, former Episcopal bishop of California, who disappeared in the Judean Desert.

## Wedding In Worthington Is Announced Here

MR. AND MRS. CARL MULLEN

Mr. and Mrs. Robert Copley, of Worthington, are announcing the marriage of their daughter, Beverly June, to Mr. Carl Mullen, son of Mrs. Maxine Mullen, 326 W. Elm St., and the late Mr. Roscoe Mullen.

The double ring ceremony took place in the home of the bride's parents Aug. 15 with the Rev. Charles Z. Weizig Sr., of Worthington, officiating.

Given in marriage by her father, the bride wore a white crocheted dress and corsage of yellow roses.

Maid of honor was Miss Wendy Copley, sister of the bride.

Mrs. Copley chose a gray sheath with matching accessories and Mrs. Mullens, as well as her two daughters, wore light blue brocaded sheaths with matching accessories. The bride, a graduate of

Worthington High School, is employed at Coffman Star Co. Mr. Mullen is a graduate of Washington Senior High School and served with the U. S. Army. He is now employed at Ralph Hickman, Inc.

They are residing at 264 North Bend Ct.

## Comrades Meeting Has Been Cancelled

The meeting scheduled for Comrades of the Second Mile has been cancelled due to the death of Mrs. Richard Snyder's mother. It will not meet again until October.

The most abundant of all birds are the Wilson's petrels, the smallest of all sea birds. They range as far south as Antarctica.

## Miss Morrison Completes Wedding Plans

Plans have been completed for the marriage of Miss Carol Morrison and Mr. David Elliott, at 2:30 p.m. Sunday in Grace United Methodist Church. The Rev. John Armentrout will officiate.

Mrs. Gary Elliott, organist, and Mrs. Bruce Allen, vocalist, will present a prelude of nuptial music.

Miss Morrison has asked her sister, Jody, to be her maid of honor, and Miss Debbie Bennett and Miss Peggy Hamman, both of Clarksburg, Miss Cheryl Spayth, of Springfield, and Miss Kathy Perry, of Frankfort, to be bridesmaids.

Little Laura Elliott, niece of the prospective bridegroom, will be the flower girl.

Robert Elliott, brother of the groom-to-be, will be the best man. Seating the guests will be William Payton, Don Kirk, Robert Lentz and Roger Storm, all of Washington C. H.

For the reception in Fellowship Hall following the wedding ceremony, the hostesses will be the Misses Judy Lane, Nancy Hawkins, Connie Givens, Connie Lykins, Cathy Peterson and Marilyn Roll, all of Frankfort, and Miss Debbie Noble, of Clarksburg. At the guest book will be Mrs. Robert Elliott, of Grove City, and Miss Jane Mootz, of Clarksburg.

Mr. and Mrs. Frank Reichelderfer, grandparents of the bride-elect, and Mr. and Mrs. Louis Morrison parents of the bride-elect, will be hosts at a buffet supper in the Benton Room at the Washington Inn following the wedding.

Mr. and Mrs. Lewis Elliott will be hosts at a dinner in the Terrace Lounge following rehearsal on Friday.

Three bridal showers have complimented Miss Morrison recently. The first one was given by Mrs. B. M. Slagle; the second, by Mrs. James Hiser and Mrs. Charles Alexander, of Clarksburg; and the third by her bridesmaids.

Mrs. Frank Reichelderfer was hostess at a luncheon when 12 guests were present.

Tony Hovel, of Shaker Heights, and Victor Betz, of Dayton, will serve as the acolytes.

For the reception in Fellowship Hall following the wedding, the hostesses will be Mrs. Maryon Mark, Mrs. Ralph Certier, Miss Sharon Certier and Mrs. Bill Leasure.

Miss Jackie Sollars will preside at the guest book.

Parents of the couple are Mr. and Mrs. Samuel Athey, Rt. 3, and Mr. and Mrs. Robert Gatewood, Rt. 5.

## Personals

Michelle, Sherry and Cynthia Foster have returned to the home of their parents, Mr. and Mrs. Rainey Foster, 1112 Yeoman St., after spending the summer in Kansas City, Mo., with their maternal grandparents, Mr. and Mrs. Leonard Gray.

Roy Maddux, 20, son of Mr. and Mrs. Roy Maddux, of Columbia, South America, is visiting this week at the home of his grandmother, Mrs. Carson S. Maddux, 332 Highland Ave. He formerly was a student at Belle Aire School before moving to Columbia. He is a graduate of Andes University in Bogota and is enroute to the University of Waterloo in Canada, where he will study for a master's degree in computer science.

Mr. and Mrs. Langdon McCoy and daughters, Sue Ann and Jo Lynn, and Mrs. McCoy's mother, Mrs. Geneva Allemang, were in Louisville, Ky., Thursday for the graduation exercises at United Electronic Institute. Their son, Michael, was a member of the class. He is a 1968 graduate of Miami Trace High School.

## Kensington Members Meet

Cheer cards were signed by Kensington Club members for Mrs. Daisy Parrett and Mrs. Jean Brown, when they met in the home of Mrs. Wilbur Hidy Tuesday afternoon.

Mrs. Wilbur Bloomer, president, announced that Mrs. Charley Hughes will be hostess to the group in October.

Games were played and visiting was enjoyed during the afternoon.

Present were Mrs. Bloomer, Mrs. Haskell Crockett, Mrs. Joe Elliott, Mrs. Verne Foster, Mrs. Anna Groff, Mrs. W. P. Noble, Mrs. Viola Thornton and Mrs. Hughes.

## Ladies Meet For Bridge

The Country Club was the setting for the weekly ladies bridge-luncheon at 1 p.m.

Twenty-four guests were seated at six tables, which were centered with summer flowers.

Winners were: first, Mrs. Harold Zimmerman; second, Mrs. Howard Osborne; and third, Mrs. Frank Reichelderfer.

Mrs. Harry Ware, of Clarksburg, was an out-of-town guest.

Hostesses were Mrs. Hazel Devins, chairman, Mrs. Hazel Smathers and Mrs. C. D. Young.

## Phi Theta Gamma Meets

The first meeting of the fall season for Phi Theta Gamma Sorority was held Wednesday evening in the home of Mrs. Bill Leasure. Ten answered roll call by repeating the opening ritual.

Two new officers elected are Miss Donna Bramblett vice president and Mrs. Roger McCoy recording secretary. Mrs. Tondy Yoakum remains as president.

Plans were made to purchase a trophy for the "Girl of the Year," who will be selected on a point basis on Founder's Day, April 29.

The refreshment table held dainty sandwiches, melon balls, a relish plate, chips and dip and ice tea. Mrs. Leasure and Miss Jackie Sollars were hostesses.

Miss Bramblett will be hostess for the next meeting.

## Projects Are To Be Continued

Fifteen members of the Women's Society of Christian Service of Madison Mills United Methodist Church agreed to continue in "their firm belief in the good that comes from the trick-or-treat for UNICEF" and the annual Christmas party at the State School in Columbus." These projects will both be carried on again this year.

The program of "Prayer and Self Denial," was presented by Mrs. Gary Hidy. She was assisted by Mrs. Kenneth Campbell, Mrs. H. W. Melvin, Mrs. Jesse Schlichter, Mrs. John Melvin, Mrs. Frank Barrett and Mrs. Forrest Fry. Effective organ background music was provided by Mrs. Homer Wilson.

The offering taken at the conclusion of the program went for United Methodist Minority Community Development and Missions Overseas.

Mrs. Fry, president, reminded members that in September the new year begins for the United Methodist Women's Work. She also reported that the new kitchen cupboards are ready to organize.

A report on the local clothing center and the need for socks for boys and girls was brought to the attention of the group by Mrs. George LeBeau Jr.

Plans for Richard Sanders, United Methodist Church, missionary on leave from Africa, to come talk about his work got underway.

During the social hour refreshments were served at beautifully decorated linen covered tables by Mrs. John Melvin and Mrs. LeBeau.

# Governor's Aide May Get High Court Appointment

By THE ASSOCIATED PRESS

Insiders at the statehouse say Gov. James A. Rhodes will ap-  
point his chief aide John McEl-  
roy, to the Ohio Supreme Court  
before he leaves office in Jan-  
uary.  
Although no vacancies exist  
on the high court, there are re-  
ports that Judge John M. Mat-  
thias, who has been in ill health,  
will resign.  
Matthias, 67, will have four

years remaining on a six-year  
term when Rhodes' leaves of-  
fice.  
McElroy, 62, was minority  
counsel for the U.S. Senate  
Commerce Committee before  
joining Rhodes. Prior to that,  
he was administrative assistant  
to U.S. Sen. John W. Bricker.  
Those who know U. S. Sen.  
William B. Saxbe best discount  
remarks he is unhappy with

the job and will not seek re-  
election.  
Saxbe, they note, made simi-  
lar statements while serving in  
almost every elective position  
he has held.  
In 1966, he said he wasn't in-  
terested in seeking re-election  
as attorney general but that  
Gov. James A. Rhodes talked  
him into it.  
In 1967, after his re-election,  
he said he was interested in no  
other public office after finish-

ing his term. At the end of  
that year, he announced for the  
U.S. Senate.  
He also disavowed any politi-  
cal intentions in 1959, shortly  
after being defeated for attor-  
ney general in the Democratic  
landslide.  
"He means it every time," a  
former Saxbe aide commented.  
"It's just that there's always  
somebody around to change his  
mind."

Those "I'm-a-Metz fan" but-  
tons popular with supporters of  
Howard M. Metzenbaum for  
U.S. Senate could become em-  
barrassing around World Series  
time.

They first appeared when  
Metzenbaum was running in the  
Democratic primary against  
former astronaut John Glenn.

The underdog New York Mets  
baseball team, fresh from a  
World Series championship, was  
popular in Ohio.  
But their popularity is de-  
creasing now that the Cincinnati  
Reds are leading contenders  
for the National League pen-  
nant.

Supporters of Treasurer John

D. Herbert, Republican nomi-  
nee for attorney general, cried  
foul when backers of Democrat  
William J. Brown put campaign  
materials on cars at the Ohio  
State Fair.

Herbert's office said Brown,  
a Lisbon attorney, should have  
known it was against fairground  
policy to spread campaign pro-  
paganda at the fairgrounds.

Herbert, as treasurer, has a  
booth at the fair. So do other  
state officials, all of them Re-  
publicans.

Brown's backers had put red,

white and blue litter bags bear-  
ing the message, "Elect Wil-  
liam J. Brown Your Next At-  
torney General," on auto anten-  
nas in fairground parking lots.  
The Ohio State Fair is run  
by Jerry Kaltenbach, a Re-  
publican appointee. With en-  
couragement from Gov. Rhodes,  
he has built the fair into one  
of the country's largest.  
Republicans consider the fair  
almost a private promotion.  
Rhodes began promoting it short-  
ly after then Gov. Michael V.  
DiSalle, his 1962 opponent, said  
he didn't like fairs.

## Find FHA Backing Loans To Union Pension Fund

By DICK BARNES

Associated Press Writer

SAN DIEGO, Calif. (AP) —

The Federal Housing Adminis-  
tration has made more than \$30  
million worth of transactions in  
the past two years involving a  
giant and oft-investigated  
Teamsters Union pension fund.

The government official who  
approved the arrangements—in-  
cluding one of the largest loan  
guarantees ever made by the  
FHA—since has become presi-  
dent of a subsidiary of a corpo-  
ration partly owned by the pen-  
sion fund.

The transactions, all involving  
the FHA's San Diego office,  
came to light during an Asso-  
ciated Press investigation. The  
FHA in Washington says it does  
not believe it knew at the time  
of the transactions that they in-  
volved the Teamsters Union's  
Central States, Southeast and  
Southwest Areas Pension Fund  
—the nation's largest labor-  
management pension fund.

The transactions include:  
—Insuring a \$16 million land  
development loan to a company  
whose stock is held by the pen-  
sion fund. The guarantee consti-  
tutes 70 per cent of an entire  
federal program. It is among  
the 25 largest guarantees ever  
made by FHA under any pro-  
gram, the agency said.

—Arranging at least \$11.8 mil-  
lion in 3 per cent subsidized  
loans to San Diego corporations  
ultimately one-fifth owned by  
the pension fund.

—Insuring a \$3.26 million loan  
at market interest rates for an-  
other such corporation.

This Teamsters' pension fund,  
commonly called the Central  
States fund, has been the sub-  
ject of numerous government  
investigations.  
Teamsters president James  
R. Hoffa was convicted of mail  
fraud in connection with Central  
States fund dealings. A federal  
grand jury is probing the fund's  
financing of a massive Los An-  
geles land development project.  
A lengthy series of federal court  
trials in New York concerns al-  
leged kickbacks paid to get  
fund loans.

Despite this attention from  
government investigators, the

fund was able to benefit from  
FHA programs.

An FHA official in Washing-  
ton said there is no prohibition  
against the agency dealing with  
a union, a union pension fund or  
a firm whose stock is held by ei-  
ther.

## Cleveland Girl Missing After Auto Accident

MONTREAL (AP) — A 16-  
year-old Cleveland girl last seen  
Saturday at a resort in Monte-  
bello, 70 miles west of Montreal,  
may be wandering around in  
stock after an auto accident, the  
girl's mother said Thursday.

Anne Ward, vacationing with  
her parents at the Seignory  
Club, took the family car with  
her when she disappeared last  
weekend.

"Apparently she wanted to go  
back to Cleveland to see her  
boyfriend," said Mrs. James A.  
Ward.

"But the car was found in a  
ditch on Route 8 near Thurso,  
Que., just before midnight Sat-  
urday. The car was a total  
wreck, but there were no signs  
of blood and Anne was nowhere  
to be found."

The Wards believe Anne may  
have headed toward Montreal in  
a state of panic and shock fol-  
lowing the accident. They have  
appealed to the public for help  
in locating their daughter.

## Attorneys Seek Bail Setting In Gun Case

CINCINNATI (AP) — Attor-  
neys for Clifford L. Davenport,  
20, accused on two counts of  
shooting at police, were expect-  
ed today to appeal a Municipal  
Court refusal for bail.

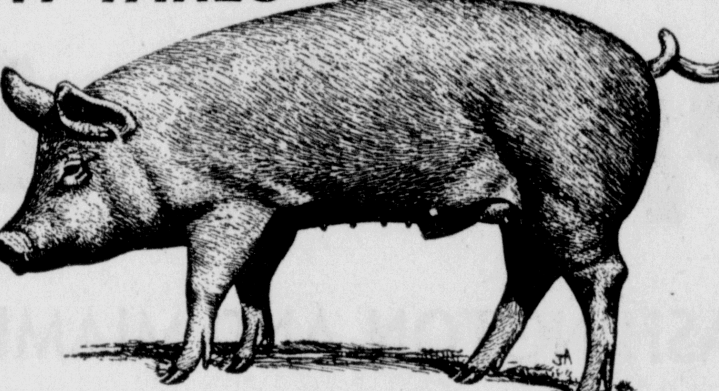

Davenport's formal arraign-  
ment on two charges of shooting  
with intent to kill were postponed  
until Tuesday by Judge Rup-  
ert Doan. Ronald Morgan, de-  
fense attorney, had asked for  
\$2,000 bond on each count.

One charge involves the  
wounding of Patrolman Edmund  
Schindler on Aug. 23. Schindler  
was shot as he sat in his police  
cruiser in the predominantly  
Negro Avondale section. His  
condition remains fair in a  
hospital.

The second charge involved  
an exchange of shots with de-  
tectives who said they sought  
Tuesday night to question three  
men in connection with the  
Schindler shooting.

That incident also took place  
in Avondale.

# Park Celebration Holiday Highlight

Monday will be Labor Day, but it will be anything but what the name implies.

Nearly everyone will take the day off to relax on this traditional holiday. For those who want to escape boredom from unaccustomed idleness, there will be the big annual Labor Day celebration at Eymann Park sponsored by the Washington C. H. Firemen's Association.

It will start with a parade of firefighting equipment from the volunteer fire departments in the county and from several

neighboring towns. It will move out at 10 a.m. from Willard Street, go through the business district and over Hinde Street to the park.

At the park, there will be rides on mechanical devices and ponies and even on an elephant for the more venturesome. And there also will be games and contests of all kinds for the kids. Sandwich and soft drink concessions will be open.

The recently organized Community Band will make its debut with a two-hour concert starting at 4 p.m., and a

fireworks display will brighten the sky after the sun goes down.

A SIMILAR celebration also is planned at Sabina by the firemen and village merchants there. It will start with a parade at 11 a.m. After that there will be a tractor pull, a bicycle rodeo, greased pig chase, frog jumping contest and an egg toss. The firemen will meet the women's softball team in one game, and two teams of women will meet in another.

Virtually all industry in Washington C. H. will observe the holiday. The one major exception will be Pennington Bread Inc., which must maintain steady production with

three shifts seven days a week to supply the needs of stores in a broad area of this part of Ohio.

Most, but not all, of the city's retail stores will be closed; so will city, county and state offices and the state liquor store.

The Post Office will be on the usual holiday schedule. No mail deliveries will be made in the city or on rural routes. The lobby will be open but the stamp windows will be closed.

Record-Herald Friday, Sept. 4, 1970 11  
Washington C. H., Ohio

Offices in the City Hall and Courthouse will be closed.

BOTH the Washington C. H. and Miami Trace schools will observe the holiday.

No record-Herald will be published Monday.

Carnegie Public Library will be closed for the day.

While nearly all business will be at a standstill, Labor Day will be just another day for city, county and state law enforcement officers. Sheriff Don Thompson and Police Chief Rodman Scott agreed that the

highways will be crowded Friday by vacation bound travelers and again Monday evening as they head back home.

Both said they will have every available officer on call and all the cruisers on the highways and byways in an effort to prevent traffic accidents.

The Department of Defense was designated the National Military Establishment when it was created Sept. 18, 1947.

## Hollywood Landmark Facelifted

By GENE HANDSAKER  
Associated Press Writer  
HOLLYWOOD (AP) — A landmark has had its face lifted, to the delight of hill dwellers and especially Albert Kothe.

The landmark is a block-long mountain sign, "HOLLYWOOD," sprawling proudly in 50-foot galvanized-iron letters above the film capital and seen for many years by countless tourists.

Weathered and dilapidated, it has just been repaired and repainted through concerned citizens, efforts at a cost of \$4,500.

Kothe, 77, is a German immigrant who lived in a shack behind the first "L" during the sign's first eight years, when its letters were outlined in light bulbs, like make-up mirrors.

In those days the sign read "HOLLYWOODLAND," the subdivision of the real estate company that built the sign and employed Kothe to replace its burned-out bulbs.

Every month or so he'd stuff his shirt with 20-watt bulbs, make the perilous climb by iron-pipe crossbars and replace the 30 to 50 of the sign's 4,000 globes that had gone dark.

"Never got hurt," says Kothe pronounced Ko-teh, who's bald, with a bulldog build and still heavy accent.

Among his memories are Mack Sennett filming a bevy of bathing beauties near the sign ... and lovers' cars clattering and littering the landscape by night.

"Finally had to build a gate across the road," says Kothe.

Airline pilots, he says, used the sign as a guidepost in heading for the Burbank airport. They protested talk of removing the marker after the subdivision was sold and the sign became dilapidated.

Someone, he says, stole all 4,000 no longer used bulbs.

Wind blew down the "H" so that the sign read "OLLYWOODLAND." Several years later, in 1949, the Hollywood Chamber of Commerce came to the rescue, restored the "H" and lopped off the "LAND," creating the film town landmark.

The late Fletcher Bowron, then Los Angeles mayor, puffed up a mountain trail and broke ground for the "H" with a pick-ax.

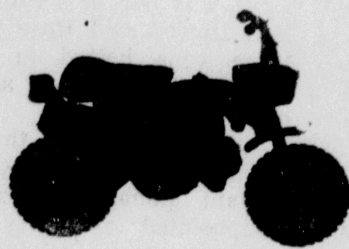

Wind and weather eroded the sign's paint and destroyed parts of its sheet-metal letters again in recent years. Kiwanians, Rotarians and chamber leaders raised \$4,500 for renovation.

The city chopped down encroaching brush and trees. Bridge painters slapped their last white brushfuls on the sign a few days ago.

Kothe says, "It looks nice. Everybody up here is glad."

# Bengals Face Undeclared Packers; Browns Regroup

## Cincy Attack Solid After Browns Defeat

MILWAUKEE (AP) — A former American Football League team invades Milwaukee County Stadium for the first time Saturday night as the Green Bay Packers host the Cincinnati Bengals.

Game time is 8 p.m. (CDT). The Packers are one of just three National Football League teams still undefeated after four weeks of pre-season play. After coming from behind to tie both the New York Giants and the Chicago Bears, the Packers have topped the Dallas Cowboys and the Oakland Raiders.

Cincinnati, on the other hand, has split four games, but is coming off a rousing victory over the Cleveland Browns.

Although the Packers had better not overlook the aerials launched by quarterback Sam Wyche, who went the distance for the Bengals in the Browns battle, Cincinnati's attack is fueled by several outstanding running backs.

Against Cleveland, the Bengals rushed for 112 yards while holding the Browns to just 62. Paul Robinson carried 24 times for 81 yards, while Jess Phillips scored twice.

The Bengals also used a tight defense in their come-from-behind victory. Phillips' second touchdown was set up by Ken Dyer's recovery of a fumbled handoff, while defensive end Royce Berry intercepted a Cleveland pass and rambled 40 yards to score the go-ahead TD.

Of course, Green Bay's defensive unit sparked also last week. The defenders pulled down seven Oakland passes while an eighth interception was nullified by off-setting penalties.

Rookie linebacker Cleo Walker of Louisville and veteran running back Travis Williams have been hobbled this week with sprained ankles.

"I was trying to get outside of Perry Williams" in practice Tuesday "and somebody hit me from behind," said Walker, who swiped two passes in Green Bay's 37-7 romp over Oakland.

Travis Williams sprained his ankle while running back a kick-off in the Raider game.

The Packers worked out Thursday despite the death of former coach and general manager Vince Lombardi.

A team spokesman said he expected some sort of tribute to Lombardi would be held during Saturday night's game.

## Bengals Cut Two Players

WILMINGTON, Ohio (AP) — Cincinnati Bengal coach and general manager Paul Brown Thursday cut two quarterbacks "to clear the atmosphere for the team."

"Now they'll know who's going to be running things, and how they're going to play."

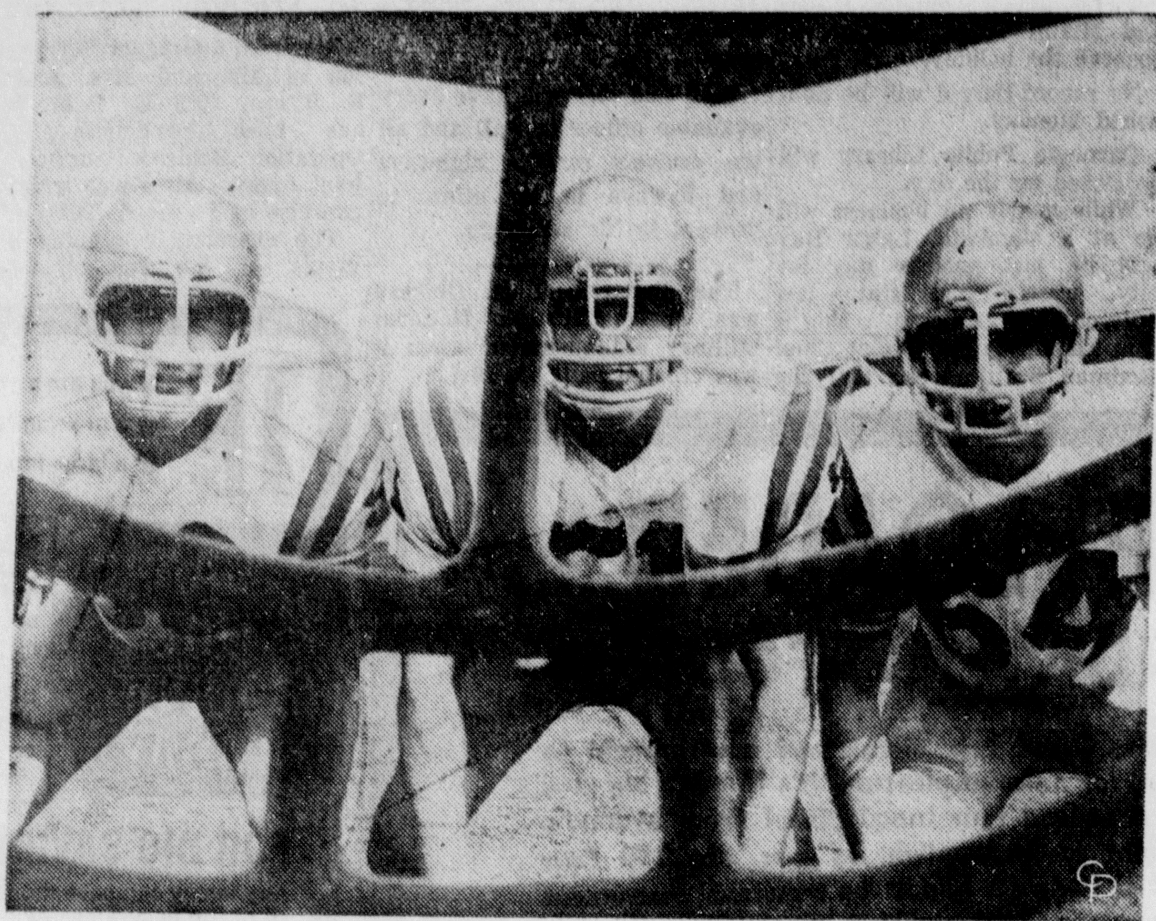

He waived Bob Davis and Key Stephenson and they left training camp at midday. The Bengals break camp today and will resume practice in Cincinnati following Saturday's exhibition game at Milwaukee against the Green Bay Packers.

"Normally I hate to cut a quarterback without giving him a chance," Brown said. "But we felt the team was being hurt working with two guys standing around all the time."

Davis was claimed last week from the New York Giants and Stephenson came as a free agent from Oakland Tuesday.

Sam Wyche will start against Green Bay and remained the number one quarterback, replacing Greg Cook who was lost for the season because of surgery.

Other quarterbacks remaining are Dave Lewis, also a punter, and Virgil Carter, also acquired from the Giants.

ROAD BLOCKS!—This is what an opposing rushing lineman will see when he runs into U.C.L.A.'s linebackers this season. From left are Bob Piferini, Greg Snyder and Tom Daniels. This shot, taken on the Bruins' Westwood, Calif., practice field, is framed through the mask of a football helmet.

## Smith's Homer Nips Tigers

By HERSHEL NISSEN

Associated Press Sports Writer

Joe Niekro has a brother named Phil in the National League and a cousin named Reggie Smith in the American. At least Reggie Smith has a cousin named Joe Niekro.

"I don't know why I hit him so hard—maybe it's because

he's new in the league this year and I bear down harder," Smith said after rapping a single and homer off Niekro in Boston's 5-2 victory over Detroit Thursday night.

That gave Smith nine hits in 13 at-bats against Niekro this season, including three homers, and raised his league-leading batting average to .322 two points ahead of California's Alex Johnson.

Smith's 22nd homer started Niekro's troubles in the opening inning and the Red Sox kayaked the Tiger right-hander in the third when Smith singled, Carl Yastrzemski doubled and Rico Petrocelli homered.

Elsewhere in the AL, Milwaukee topped Minnesota 8-3. California edged Kansas City 1-0, Oakland overcame the Chicago White Sox 4-3 on a three-run pinch homer by Frank Fernandez in the ninth inning, Baltimore clipped the New York Yankees 8-4 and Cleveland beat Washington 4-2.

Phil Roof's three-run homer highlighted a five-run explosion in the fifth inning as the Brewers beat the Twins and sliced their West Division lead to three games over the Angels and six

over the A's. Minnesota's Brant Aleya and Milwaukee's Roberto Pena matched two-run homers in the seventh.

Rookie Tom Bradley posted his first major league shutout and complete game in California's squeaker over Kansas City with a seven-hitter. Hard-luck loser Jim Rooker held the Angels to four hits, but they scored in the second on two singles and an infield out.

Trailing the White Sox 3-1, the A's had a runner on first but were down to their last out against reliever Wilbur Wood. Then pinch hitter Dave Duncan singled and Fernandez, another pinch batter, smacked his 15th home run of the season over the left field fence. Bob Spence connected for the Sox.

The Orioles took advantage of two bunt singles, two bases-loaded walks and two errors to score six times in the sixth inning and beat the Yankees and Mel Stottlemyre. Jim Palmer withstood 10 New York hits, including Jim Little's homer, for his 19th victory.

Solo homers by Duke Sims, Jackie Heidemann and Graig Nettles powered the Indians over the Senators.

## Kite Leader In U.S. Am

PORTLAND, Ore. (AP) — The way things are going for Tom Kite Jr., he can count on getting rid of the nubs and holding onto the nickname "one-kite" as firmly as his three-stroke lead in the second round of the U.S. Amateur Golf Championship.

Kite, 20, a junior at the University of Texas, rushed into the lead Thursday with a 3-under-par 67 for a 36-hole total of 136. Defending champion Steve Melnyk of Jacksonville, Fla., shot a 68 and 1966 champ Gary Cowan

of Kitchener, Ont., shot a 70 for a second-place tie at 139.

First-round leader Lanny Wadkins of Richmond, Va., fell back to 140 as he headed to a 3-over-par 73 on the rain-soaked 6,496-yard Waverley Country Club course here.

The field of 150 was cut to 61 for today's third round with those making 148 or better beating the cut.

## NBA Launches Slate Saturday

NEW YORK (AP) — National Basketball Association teams will launch an 85-game pre-season schedule on Saturday, Sept. 19, the NBA announced today.

The Buffalo Braves and Cleveland Cavaliers, two of three new NBA franchises, meet at Wooster, Ohio, in the exhibition opener. The Portland Trail Blazers, the other expansion club, plays against the San Francisco Warriors at Longview, Wash., Sept. 24.

The world champion New York Knickerbockers also will swing into action on Sept. 24, meeting the Detroit Pistons at Ann Arbor, Mich.

By MIKE RATHET

Associated Press Sports Writer

HEMSTEAD, N.Y. (AP) — When it came to strengthening his forces for the 1970 season, Coach Webb Ewbank of the New York Jets attacked his secondary first, which is exactly what everyone else did last year.

"The key to winning any championship is defense," said Ewbank, "and we were in trouble last year, especially in our deep secondary. But we're much better this year."

That's Ewbank's opinion—and it's based on the development during the exhibition season of two rookies—No. 1 choice Steve Tannen, and Earle Thomas, an 11th-round draft choice from Colorado State who has been a major, and pleasant, surprise.

Tannen, a 6-foot-1, 195-pound product of the University of Florida, was expected to fill one defensive backfield post, but Thomas has progressed so rapidly that he likely will join the deep four.

Thomas is expected to take over at one cornerback spot with either holdover John Dockery or Tannen at the other. Much depends on the condition of veteran safety Jim Hudson, out last year with a leg injury.

While the Jets feel they have strengthened their defensive backfield, they have been weakened up front by the loss at least until November of defensive end Gerry Philbin, who has a separated shoulder.

Philbin's spot is being held by rookie Mark Lotas of Northern Arizona, a 6-foot-4, 230-pounder who has potential but is not in Philbin's class.

The remainder of the defensive unit, considered one of the strongest in the American Conference, lists young, skillful John Elliott and Steve Thompson at the tackles, Verlon Biggs at end and Larry Grantham, Al Atkinson and Ralph Baker at linebacker.

The Jets also have come up with two rookie linebackers of considerable talent—Penn State's Dennis Onkot and John Ebersole.

Offensively, the major question-mark revolves around Joe Namath, the reluctant quarterback. The Jets, with only untested Al Woodall and Harry Theofiles backing him up, need his strong, talented right arm at peak effectiveness to make the Eastern Division title run.

While most people expect Namath to be in the starting lineup opening day, there still remains some question of his ability to perform under the weight of his self-described mental problems.

The Jets' veteran receivers all are talented—Don Maynard, George Sauer and Pete Lam-

## Cincy Belts Giants, 7-3; Pennant Magic Number 15

CINCINNATI (AP) — Pete Rose and Johnny Bench led the resurging Reds in a 14-hit attack Thursday night battering the San Francisco Giants 7-3 in their last appearance at Cincinnati this season.

The win, coupled with the Los Angeles Dodgers' loss to the Atlanta Braves, increased Cincinnati's lead to 12 in the National League's western division.

Any combination of 15 Cincinnati wins or Los Angeles losses will clinch the division title for the Reds.

Rose put the Reds in front in the first-inning with his 13th home run of the season and extending his hit streak to 10 games. The game was delayed 47 minutes in starting by the rain and was interrupted in the fifth and seventh innings.

Play was able to resume each time as ground keepers brushed off the astro turf with rubber brushes.

"It was our best hitting in a long time," said Rose who had three runs batted in for the night, on two hits and a ground-out.

"When I drive in three runs we've got to win the game."

Giant Manager Charley Fox, disappointed with his team's 1-2 performance in the series said:

"It's tough to keep a hitting club like the Reds down. Every man in the lineup can hit the ball well."

He said he rested Willie Mays Thursday night because he had been tiring. Mays struck out with one on in the ninth to end the game.

Clay Carroll, who relieved starter Tony Cloninger (7-5) in the eighth inning said he knew "Mays could hit any kind of a

pitch so I threw him a couple of fast balls and got him with a curve."

Reds' Johnny Bench, normally a catcher, played left field and drilled three hits including a double and drove in two runs.

"I feel I have my stroke

back," said Bench who had been in a slump.

"I like playing the outfield because it is relaxing to get out from behind the plate once in awhile."

The Reds are ahead 8-7 in the series with the Giants this year.

## Grid Fans Mourn Loss Of Lombardi

By TOM SEPPY

Associated Press Sports Writer

WASHINGTON (AP) — A nation of football fans, led by No. 1 fan President Nixon, mourned today the death of Vince Lombardi, the Washington Redskins coach considered by many the best the game had to offer.

The body of the 57-year-old Lombardi, who died Thursday, was to lie in a funeral home in the nation's capital for one day before being sent to New York, the city in which he was born.

Mass will be said in St. Patrick's Cathedral Monday by Terence Cardinal Cooke, archbishop of New York. Burial will be at Mount Olivet, a cemetery in Middletown Township, near Red Bank, N.J.

President Nixon said Lombardi was tops in his field "because he was able to help others discover the best that was in themselves. Like the power sweep which the game has trademarked, the power of Vince Lombardi's personality swept the world of sports and made a lasting impact on the life of all it touched."

"The lesson all Americans can learn from Coach Lombardi's life," Nixon said in a statement issued in Coronado, Cal., "is that a man can become a star when he becomes an apostle of teamwork."

In Tampa, Fla., where the Redskins are preparing for an exhibition game Saturday night, a mass will be said by the Rev. William Swedder at the motel where the team is lodged.

The Washington coach and executive vice president of the Redskins died Thursday morning in Georgetown University Hospital after a two-month fight with cancer.

He entered the hospital June 25 and underwent an operation two days later in which doctors removed a tumor and a two-foot length of colon. He was readmitted for another operation a month later.

It was not until Wednesday, however, that the family said publicly Lombardi suffered from "an extraordinarily virulent form of cancer."

Lombardi became such a legendary, larger-than-life figure on the American scene during the pro football boom of the 1960s that it's often forgotten he didn't achieve success until late in life.

He was an obscure assistant coach at age 45 and well-known only in football circles when the Green Bay Packers signed him Jan. 28, 1959, to a five-year contract as head coach and general manager.

In the next decade, he reached such heights he was compared with such pro football coaching giants as George Halas and Paul Brown.

He took the Packers from a 1-10-1 record into contention for first season and from 1960 on, the Packers never finished below second—capturing six Western Division and five world championships, including an unprecedented three in a row from 1965-1967, and the first two AFL-NFL World Championships in 1966-1967.

His over-all record with Green Bay was 141-39-4.

After a one-year retirement, he came to Washington last year and produced a 7-5-2 record during his first season, the first winning mark for the Redskins since 1955.

## Lanell Captures Scioto Feature

COLUMBUS, Ohio (AP) — Lanell, driven by Richard Hack-

ett, came from second in the stretch to win the featured \$1,200 seventh race at Scioto Downs Thursday.

Lanell paid \$17, \$6.80 and \$5.20 for the win. Place horse Dixanna Kathy paid \$25.80 and \$8 and show horse Bill's Snookums offered \$4.80.

The 3-2 daily double paid \$34.40 and the 1-9 quinella was good for \$108.60.

Attendance was 4,355. Total handle was \$182,002.

## Cleveland In Twinbill With Vikings

CLEVELAND, Ohio (AP) — Cleveland Browns Coach Blanton Collier closed the team's Hiram College training camp optimistically Thursday and served warning that the Browns would make all-out efforts in their final two exhibition games.

"We're not ready yet, but I'm confident we will be by the time the regular season opens," Collier said.

"We're playing each game as a regular game from now on. The testing as such is over. We want to be ready for the Jets," he added.

The Browns, who open the regular season against the New York Jets on Monday, Sept. 14, meet the Minnesota Vikings in the second game of the annual twin-bill Saturday night and complete their exhibition season on Sept. 12 at New York against the Giants. St. Louis and San Diego meet in the first game of the doubleheader.

"This has been a good camp but we're still in the process of development," Collier said. "We were late in getting the veterans here as you know, and we've had some injuries."

"We're not where we'd like to be normally. I believe we can get there for that first game..."

Collier said veteran Jim Houston was "making progress" and "I believe he'll be all right" at his new position at middle linebacker.

He said rookie defensive tackle Jerry Sherik had been the most pleasant surprise of the camp, noting "I'll have to say that he has probably come along faster than any of us anticipated."

"This game against Minnesota is a big one for him," Collier said of Sherik, who has won a spot in the starting lineup. "He'll be in there against a team that has a driving running attack and an explosive passing game."

Collier said no decision has been made on whether to retain two or three quarterbacks. Bill Nelsen is the regular, with first round draft choice Mike Phipps and Don Gault the reserves.

## NL East Race Tightens, Cubs Win

By TOM SALADINO

Associated Press Sports Writer

Jim Hickman has been dubbed the Iceman by his teammates and the Chicago right-fielder again showed why with his sizzling hitting as the Cubs close in on the National League East's top spot.

Hickman didn't waste any time going to work Thursday. The 33-year-old veteran of nine major league seasons, stroked a run-scoring single in the opening inning, then crashed a three-run homer in the second as the Cubs routed Philadelphia 7-2 and moved to within one-half game of the division-leading Pittsburgh Pirates.

The 6-foot-4, 205-pounder from Tennessee increased his average to .326 with his 29th homer and single and the four runs batted in gave him 103 for the year. In his eight previous big

league seasons, Hickman hit 236.

"Jim carried us last August and, when everyone else was fading in September, he kept right on going," Cubs' Manager Leo Durocher said. "And now he's carrying us again."

Although the former New York Met hit only .236 last year, when inserted regularly into the lineup during the last two months of 1969 when the Cubs fell out of first place as the Mets won the East, Hickman batted at a .301 pace.

He also slugged 14 of his 21 homers and drove in 31 of his 54 runs in that span and has continued his steady pace through-out 1970.

"Just knowing I'm playing every day has helped," Hickman said. "Durocher has shown confidence in me and I really enjoy playing in Chicago."

Hickman's offensive effort proved more than enough for Ferguson Jenkins Thursday, who won his 18th game while striking out 10.

The game also marked the end of Billy Williams' National League consecutive game record at 1,117. Williams, the Cubs' left fielder, had been in every Chicago game since Sept. 21, 1967.

In other NL action, St. Louis downed the Mets 5-3, the Pirates were rained out in Montreal, Cincinnati trimmed San Francisco 7-3, Atlanta routed Los Angeles 11-4 and San Diego blanked Houston 4-0.

The Mets fell from second to third in the East, one game behind the Pirates, as Joe Hage ripped a homer as St. Louis jumped to an early 3-0 lead.

The Cards made it 5-1 in the sixth off loser Gary Gentry, 9-8. Steve Carlton, 8-18, picked up the victory, giving up nine hits, including a two-run homer by Al Weis in the ninth.

Henry Aaron, Orlando Cepeda and Cleto Boyer socked homers for the Braves over Los Angeles while Andy Kosco and Bill Sudakis had homers for the Dodgers.

Aaron's three-run shot was his 36th and No. 590 of his career. Cepeda slugged his 32nd, a two-run homer, as was Boyer's, and added a pair of singles.

Clay Kirby tossed a three-hitter at the Astros and Padres' catcher Chris Cannizzaro ripped a bases-loaded triple in the second inning, giving Kirby all the help he needed.

# Mississippi Lagging In Defense

By LEROY MORGANTI  
Associated Press Sports Writer  
OXFORD, Miss. (AP) — Pow-  
ered by the irrepressible Archie  
Manning, Mississippi's awe-

some offense appears more  
menacing than ever—but so  
does a nagging problem that got  
the Rebels off on the wrong foot  
last season.

The problem is building a de-  
fense that can stop the opposi-  
tion from controlling the ball  
and playing an effective game  
of "keep away" from Manning  
and his super-charged mates.  
Coach John Vaught faced the  
same pitfall a year ago and the  
Rebels lost two of their first  
three games and a shot at the  
Southeastern Conference title.  
After the defense solidified, the  
Rebels were the hottest team in  
the league and raced past three  
previously unbeaten conference  
clubs for a 7-3 record and a Sug-  
ar Bowl victory over Arkansas.

"We may have to depend on  
the offense to carry us for a  
while, at least until we learn for  
sure the best placement of some  
of our younger boys on de-  
fense," said Vaught.  
He is optimistic the offense  
can handle the assignment.

"All our starters are back  
with the exception of Bo Bowen,  
our fullback, and we've got  
some pretty good boys fighting  
for his job," Vaught said.  
"Right now, Luther Webb is the  
leader and if he comes through  
like we hope, we could have our  
first real power running threat  
in several years."

Webb is a 212-pound sopho-  
more who was expected to chal-  
lenge Bowen for the starting as-  
signment last year, but was  
sidetracked by a leg injury.

In Manning, the Rebels have  
the complete quarterback and  
his heroics last season sparked  
comments that he could be the  
best to ever play the position.

"What can I say about Man-  
ning I haven't said before," said  
Vaught, who predicted great-  
ness when the 6-3, 204-pounder  
was a freshman.

Manning threw for nine touch-  
downs and 1,762 yards while  
completing 58.1 per cent of his  
265 passes last season. In addi-  
tion he ran 124 times for 502  
yards and 24 more scores.

Ole Miss' best receivers are  
back. Standouts include flankers  
Vernon Studdard and Buddy  
Jones, split ends Floyd Franks  
and Leon Felts; and towering  
tight end Jim Poole, a 6-5, 205-  
pound standout as a sophomore  
last season.

The offensive line is a source  
of pride to Vaught, who rates it  
one of the best in the country.

The starters are Wimpy Win-  
ter, 250, center; Skip Jernigan,  
225, and Bill Coker, 223, guards;  
and tackles Buddy Mitchell, 230,  
and Worthy McClure, 235.

While Vaught must rebuild  
the defense, 18 of his 39 return-  
ing veterans earned their letters  
on defense. But, he is quick to  
point out, the problem is one of  
position rather than numbers.

Chief causes of concern are  
the secondary and the front  
four, where graduation took a  
total of five starters and most of  
the experienced reserves.

The line will be rebuilt around  
Dennis Coleman, a returning  
starter who carries all-star cred-  
entials. Monsterman Bill Van  
Devender and cornerback Wyck  
Neely are top hands returning  
to the secondary, the only area  
where sophomores may be able  
to crack the starting lineup.

The Rebels are top heavy with  
talent in the crucial linebacking  
department, causing Vaught to  
rank the group as one of the  
strongest he's had in 24 seasons  
as boss of the team.

Senior Fred Brister is the lone  
starter returning, but Paul Don-  
gieux and Crowell Armstrong  
stood out as sophomore reserves  
a year ago. Senior Jeff Horn  
and sophomore Tommy Mon-  
sour and Bob Bailess provide  
better than average backup  
strength.

The world shooting  
championships of the  
International Shooting Union will  
be held at Phoenix, Ariz., Oct.  
17-26.

**NO SMILE, JOE?**—The New  
York Jets' quarterback Joe  
Namath looks a bit sour as  
the camera catches him on  
the practice field in Hemp-  
stead, N.Y., following his  
belated return to team ac-  
tivities.

Relief pitcher Orlando Pena  
of the Pittsburgh Pirates, who  
trained as a non-roster player  
with Kansas City last spring,  
last year appeared in 34 games  
for Omaha and compiled a 9-3  
record. He started three games.  
A Cuban, he now makes his  
home in Hialeah, Fla.

The driver of a mobile  
starting gate in harness racing  
does nothing but steer, the  
acceleration being under the  
control of the starter who is  
facing the contestants.

Lee Maye hit .290 in 31 games  
with Washington last season,  
after being obtained from  
Cleveland where he hit .226 in  
72 games. With the Senators  
this season he hit .290 in his  
first 53 games.

# Buffalo Bills May Finish 3rd In American Division

By MARVIN R. PIKE  
Associated Press Sports Writer  
BUFFALO (AP) — The Buffa-  
lo Bills don't figure to be a con-  
tender in the National Football  
League this season, but they  
might finish third in the Ameri-  
can Conference's Eastern Divi-  
sion should Miami and Boston  
falter.

The Bill's fortune depends  
greatly on how well Coach John  
Rauch can muster an offense  
and at the same time rid his  
team of its mistake-making hab-  
it.

Rauch has been trying to  
build an offense around fabulous  
O.J. Simpson who, with some  
help from blockers, could run  
wild. Without such help last  
year, Simpson, then a rookie,  
still ran for 697 yards.

When Simpson takes a rest,  
the Bills have a second break-  
away back, 5-foot-8 Mini Max  
Anderson.

Quarterbacking still is Buffa-  
lo's big problem, as it has been  
the last couple of years. Veteran  
Jack Kemp is retired.

Rauch figures to go along  
with Jim Harris, a strong-  
throwing 6-foot-4 Negro whose  
first year of pro football last  
season was curtailed by inju-  
ries. He started one game and  
played in three others before a  
knee injury sidelined him. He's  
now in good health.

Dan Darragh, also injured in  
1968 and 1969, is battling Harris  
for a starting assignment. Both,  
however, must keep an eye on  
the Bills' untested rookie, Dennis  
Shaw of San Diego State.

Shaw, the Bills' No. 2 draft  
choice, got a late start because  
he held out for \$100,000-plus be-  
fore signing a contract. He led  
the nation's major college stars  
in total offense last season with  
3,197 yards.

Like many other teams, the  
Bills are in the rebuilding pro-  
cess. They have at least a half  
dozen rookies who could fit into

Rauch's plans.  
Perhaps the most likely fresh-  
man to win a season-starting  
position is defensive end Al Cowl-  
ings, the No. 1 draft pick and a  
teammate of Simpson at South-  
ern California. Cowlings exhib-  
ited in preseason action that he  
has the makings of a pro star.

Other newcomers are tackles  
Wayne Fowler of Richmond and  
Jerome Gantt of North Carolina  
Central, and guard Jim Reilly of  
Notre Dame. Glenn Alexander  
of Grambling could wind up  
as a tight end. The post is occu-  
pied by second-year man Willie  
Grate.

To round out the offense,  
there's these veterans wide re-  
ceivers Haven Moses and Mar-  
lin Briscoe, tackles Howard Kin-  
dred and Paul Costa, guards An-  
gelo Loukas and Joe O'Donnell  
and possibly Richard Cheek of  
Auburn. Center Frank Mar-  
chewski seems to have ousted  
Al Bemiller.

Wayne Patrick and Bill En-

yart round out the backfield.  
The up-front defense is built  
around such veterans as left end  
Ron McDole and tackles Jim  
Dunaway and Bob Tatarak.

Behind them are linebackers  
Paul Guidry, Harry Jacobs,  
Mike Stratton, Dick Cunning-  
ham and Edgar Chandler.

At the cornerbacks are Butch  
Byrne, a three-time all-AFL se-  
lection, and Bob James, with  
John Pitts, George Saines and  
Pete Richardson on the safety  
patrol.

Next: New York Jets

Bob Clemente of the  
Pittsburgh Pirates led National  
League hitters with 209 hits in  
1967. In 1964 he made 211 hits  
and tied Curt Flood, then of  
St. Louis, for most hits.

The world gymnastics  
championships for men and  
women will be held in Ljubljana,  
Yugoslavia on Oct. 22-27.

## DAILY CRYPTOQUOTE—Here's how to work it:

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

## Your Horoscope

### The Stars Say—By ESTRELLITA

**For Tomorrow**

STARS are more generous now. Saturday will be an excellent period in which to present new ideas and make plans for launching unusual undertakings, even though results of your efforts may not be immediate. Be sure, of course, that such ventures are feasible.

**For the Birthday**

If tomorrow is your birthday, your horoscope indicates that the next 12 months will be highly propitious for your personal concerns as well as for monetary and occupational interests. Most auspicious cycles in the latter connection: The period between the 10th of next month and Jan. 15, late March, early May and throughout a truly splendid 3-month cycle beginning on the 1st of June. Creative workers will have an all-around good year, with exceptional periods of inspiration

and productivity star-promised in November, January, June and August. All should make excellent financial strides in November, January, early March and mid-July.

In your private life, matters should run smoothly — even more interesting than usual, perhaps — from travel, social and romantic standpoints. There are indications of travel next month, in late December, January, April and/or August; and sentimental interests will be star-blessed for most of the year, with outstanding periods of happiness indicated next month, in December, late March and August. Any one of these periods will be highly propitious for marriage.

A child born on this day will be endowed with a charming personality, unusual ability along scientific lines and an incessant craving for knowledge.

## County Board To Consider Levy Proposal

An operating levy of at least four-tenths of a mill will be considered by the Fayette County Board of Education Tuesday.

Following revaluation of county real property, the millage in the Miami Trace School District was reduced from 17.7 mills to 17.1 mills. The millage reduction, as required by state statute, was in proportion to the increased income expected from taxes following the property revaluation.

However, the reduction placed the school district below the state-required minimum of 17.5 mills of local property tax. If the district does not raise its millage to the minimum level by the end of the year it could lose all State Foundation money by July 1, 1971.

State Foundation funds are about 30 per cent of the operating budget of the school system.

The school district also is faced with an estimated deficit of \$100,000 for the 1970-71 school year.

Deadline for placing a new levy on the November ballot is Sept. 15.

The county board also is expected to review costs for athletic events and consider a driver education course to be offered after school hours.

A report of the effectiveness of the guidance program at the high school also will be considered.

## Showers Dunk County, Cause Minor Loss

Bands of thundershowers, some of them accompanied by strong wind gusts, rolled over Fayette County Thursday afternoon and evening, causing four traffic accidents and scattered damage to trees and utility lines.

Rainfall amounts ranged from .30 in the Milledgeville area to an inch at New Holland. Washington C. H. got .72 inch, Robert Pero reported .80 inch at his farm in Concord Township, Jeffersonville had half an inch, and Gale Parrett measured .36 at Parrott Station.

Winds accompanying afternoon showers downed a tree on Columbus Avenue, just south of Delaware Street, and the heavily traveled street was blocked for approximately an hour. A gust blew a Pennington Bread, Inc., truck into the side of the U.S.-35 bridge over Paint Creek, damaging the span.

Electric service was disrupted for approximately an hour and a half in sections of the city's South Side when lightning burned out two power lines during an evening thundershower. The bolt struck near Fayette and Elm streets.

Dayton Power and Light Co. reported scattered damage in central areas of the county, Ohio Bell Telephone Co. had only a little trouble.

# Five Injured; Loss \$6,100 In Seven Traffic Accidents

A total of five persons were injured and damage was estimated at more than \$6,100 in seven traffic accidents investigated in the city-county area Thursday and Friday morning. Two drivers were charged.

Several accidents came during a rainstorm Thursday afternoon including one in which a Pennington Bread van was blown by a gust of wind into a bridge rail on U. S. 35-S at Creek Road. The van was demolished, but the driver escaped injury.

Three persons were injured, one seriously, in a single-car crash at 1:50 p.m. Thursday on CCC Highway-E at Cook Station.

Mildred A. Mueller, 55, of Columbus, told sheriff's deputies that she was driving north near Cook-Yankee town Road when a left-of-center compact car forced her off the road. Her 1966 model skidded across the highway and overturned against a fence.

Brought to Fayette Memorial Hospital along with Mrs. Mueller, who suffered bruises and lacerations, were Mrs. Urcell Copas, 65, suffering from a fractured left arm and shoulder, and Mrs. Mary Rock, 58, of Columbus, who received a chest injury and bruises. Mrs. Copas was admitted, the others were treated and released.

Deputy Sheriff Bill Crocks estimated damage at \$1,400 to the Mueller car and five rods of fence owned by Ray Fry, Rt. 1, Mount Sterling, was destroyed. No citation was issued.

JAMES BAUGHN III, 18, Rt. 3, Washington C. H., suffered a head bruise at 10:15 p.m. Thursday when the car he was driving on Danville Road, 7.5 miles north of Washington C. H., overturned on a curve.

Sheriff's deputies, who cited Baughn for reckless operation, said his 1965 model car failed to negotiate a marked left curve, skidded across the road and overturned one and a half times.

Damage to the demolished car was estimated at \$900, and six rods of fence owned by Edgar McFadden, Rt. 1, Bloomington, was destroyed.

A gust of wind apparently forced a 1969 model bread truck into a bridge railing on U. S. 35-S at Creek Road at 3:05 p.m. Thursday. Edward E. Knisley, 34, Bloomington, told sheriff's deputies he was unable to control the van in the wind.

The entire right side of the truck was ripped away in the collision with a guardrail and the bridge. Damage to the bridge was minor, but heavy to 15 feet of guardrail and a bridge railing. The truck was described as a total loss.

KATHLEEN DOLPHIN, 43, of 120 Laurel Rd., suffered minor lacerations in a two-car collision at the Columbus-Washington avenue intersection at 9:38 a.m. Friday. Damage was estimated at \$2,000 to the two vehicles involved.

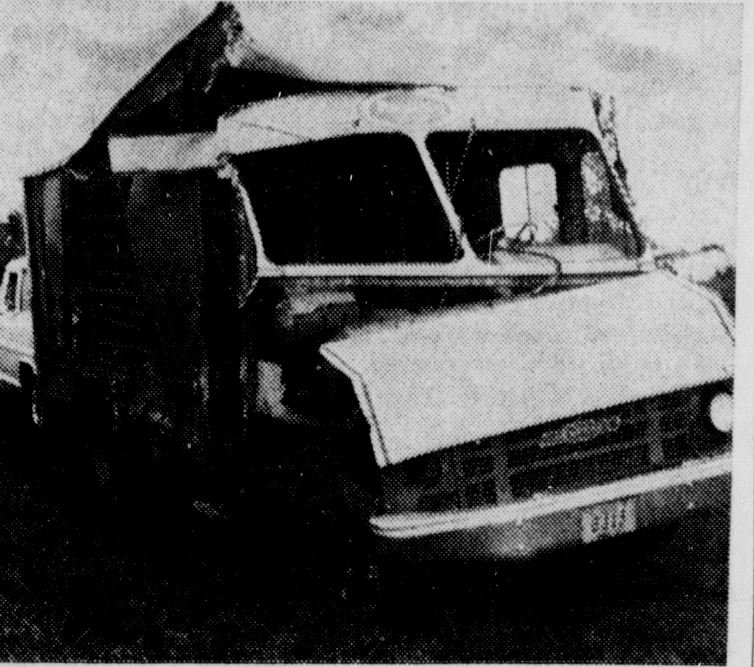

City police said Mrs. Dolphin, westbound on Columbus Avenue, was turning left onto Washington Avenue when she drove into the path of an eastbound car operated by Mary J. Free, 21, of 1509 N. North St.

Mrs. Dolphin was cited for failure to yield the right of way while making a left turn. The car she was driving, a 1968 model, had damage estimated at \$1,200. Mrs. Free's 1966 model had \$800 damage.

At 12:55 p.m. Thursday on S. Main Street near Court Street, Laverne H. Wolford, 42,

**DAMAGE HEAVY** — Two cars were heavily damaged in a collision at the Columbus Avenue-Washington Avenue triangle at 9:38 a.m. Friday. Kathleen Dolphin, of 120 Laurel Rd., was slightly injured. The car she was driving turned into the path of another driven by Mary J. Free, 21, of 1509 N. North St. Mrs. Dolphin's car ended up on the sidewalk in front of the Fayette County Museum.

**BOUT WITH BRIDGE** — This Pennington Bread van was demolished Thursday during a gusty rainstorm on U.S. 35-S at Paint Creek. The wind apparently blew the truck off the right side of the road, and it struck a guardrail and bridge. The driver, Edward E. Knisley, 34, of Bloomington, was not injured.

of 712 Carolyn Rd., backed a 1968 model car from a parking place and was involved in a collision with a 1967 model driven by Miriam Caldwell, 51, of 812 S. Main St. Damage was estimated at \$125

## Kennel Club Plans Future Activities

Plans for another obedience course and another puppy match were completed by the Paint Valley Kennel Club Thursday night at Anderson's Restaurant.

The obedience course will start Monday, Sept. 14, in the Fine Arts Building at the Fairground under the direction of a professional instructor. Classes will meet once a week for the following 10 weeks.

The course is open to the owner of any dog (registered or not) 4 months old or older; it is not restricted to members of the club. This will be the second obedience course sponsored by the club. More than 30 owners and dogs were enrolled in the first one.

The puppy match, which actually is a dog show, is scheduled for next Jan. 17. This will be the third such show held by the club here. Each of the first two drew more than 300 entries. The show will be held again in the Mahan and Fine Arts buildings.

President Robert Schnieder conducted the meeting.

## Board Of Health Gives Final OK To New Subdivisions

Final approval of the Culpepper Subdivisions was granted and the operation of the sanitary landfill project was discussed by the Fayette County Health Department this week.

The two combined Culpepper subdivisions will be located on Ohio 41-N at Eber and will have 23 lots, according to Acting County Health Commissioner Dr. William E. Covert. Gilmore Inc. is the developer.

Plans for the new sanitary landfill project were forwarded to the state by the Health Department for consideration.

The present landfill project can continue only about another 60 days at its Ohio 41-N site, according to Covert.

At the end of that time the operation will have to be moved to the new site, off Hidy Road north of Interstate 71 in Jefferson Township.

A survey of the number of persons in the area who have been immunized against measles will be started by the Health Department in about two weeks. The department will make a list of those immunized from the records of the department and local physicians.

A county-wide plan for immunization will then be developed based on the need, according to Dr. Covert.

The vaccine for measles immunization has been available from the health board and local physicians for about six months, he said.

## City's Share Of Court Money Tops Estimate

The financial future of Washington C. H. became a bit brighter Friday with the announcement that the August disbursement from the Municipal Court to the city would be about \$3,000 higher than previously anticipated.

City Manager Clarence A. Christman had earlier estimated that the city would end 1970 with a \$4,000 deficit. "The additional funds from the court will serve to greatly reduce that deficit, provided we do not run into unexpected costs," the manager said.

The disbursement from the Municipal Court to the city for August totaled \$7,000.

Christman pointed out, however, that the city still will have financial problems during 1971, and probably will have to borrow enough money to operate the first several months of that year.

The basilica of St. Peter in the Vatican is 18,110 square yards in area.

## City Planners To Consider Zoning For Mobile Homes

Public hearings on a new zoning classification and a request for authorization to construct a mobile home park will be considered by the Washington C. H. Planning Commission Tuesday.

The commission will consider creation of a zoning classification exclusively for mobile homes are classified as general business. The proposed new classification would be residential.

A request by Kenneth Bumgarner to construct a mobile home park at the rear of the former Story farm, CCC Highway - E, also will be considered.

The proposed mobile home development would be east of Paint Creek, with access only from Stuckey Road.

No access would be created between the proposed mobile home park and the CCC Highway, the Storybrook Subdivision or the Gilmore Subdivision, according to Bumgarner.

About 150 acres is involved in the proposed development area. A park area running along Paint Creek and separating the mobile homes development from the other subdivisions is planned, he said.

The proposed mobile home development would have five or six structures to each acre of land. Many mobile home parks have up to 14 units per acre.

"We plan on creating a 'five star' mobile home development," Bumgarner said, explaining that the developments are graded with one to five stars. A five star development is the deluxe park, which includes landscaping, sewer and water

service, park areas and a service center.

The entire 150 acres will not be used for the mobile homes immediately, Bumgarner said. Only part of the land will be used for that purpose at the start, with the development increasing in size as demand warrants.

## CHOP TOPS Club Discusses Diets

Mrs. Mary Borrisa was crowned "queen" when the CHOP TOPS met in Eastside School gymnasium and Joy Wynne was crowned pre-teen princess this week.

One of the members of the chapter announced she had been on an experimental diet for the week and will continue for another week, then make a report.

A songfest was led by Mrs. Nancy Crowe and a discussion of changing eating habits was held before adjournment.

The group will meet next Wednesday at the school at 7:30 p.m.

## Vandals Dump Stored Grain

Approximately 1,200 bushels of oats and 500 bushels of shelled corn was dumped from grain storage bins by vandals at the Cary Beck farm on Reid Road Thursday afternoon.

Fayette County sheriff's deputies said the vandalism occurred about 5 p.m. when someone entered the bins and ran the stored grain and corn onto the floor.
